Probe Ordered Into Sabotage In Power Strike

District Attorneys Office Orders Probe Into Sabotaging Of Transformers

STRIKE EFFECTS ARE EXTENDING

PITTSBURGH, Oct. 10.—(INS)—The district attorney's office today ordered a full dress investigation into the sabotaging of two power transformers of the Duquesne Light company that blacked out three communities in Pittsburgh's South Hills district.

At the same time, the National Labor Relations board opened a hearing to determine whether the AFL-United Mine Workers should act as the collective bargaining agent for a purported 1500 anti-independent unioners of the light company.

Warned To Conserve

Approximately 30,000 residents in the affected area were warned by Light Company President Presley H. McCance to conserve power which was temporarily restored when emergency crews cut in current from other heavily-loaded sub-stations.

McCance said the present supply of power was "fair" and could be maintained only through drastic curtailment. He said it meant less light and would not guarantee what might happen in the future.

He reported the present emergency setup was not capable of carrying the additional restricted load of the residents living in the affected community.

Sheriff Walter Monaghan said the "saboteurs" entered the unattended automatic sub-station and opened valves on each transformer permitting 4500 gallons of oil to drain, causing the transformer to burn out. Damage was estimated at \$60,000.

Meantime, Union President George Mueller refused to accept any blame for the incident, charging that his organization was running an orderly walkout. He added:

PA NEW OBSERVES

While reports over the nation indicate that millions witnessed the meteor shower of last night in the cities, cloudy conditions prevented observation in this immediate area.

Despite the passing of the summer months and the arrival of Autumn, Pa. New observes many out of state motorists traveling through the city with their families in the cars, evidently still on vacation. Four cars traveling close together, bore license plates from four different states. The license plates read, Ohio, New Jersey, Florida and New York.

More new products are passing through the city than have been for some time, Pa. New notes in his travels. Among the items noticed in a single day, were new automobiles, new trucks, new buses, new taxis, new house trailers, new panel truck bodies and materials for the construction of new houses and business structures.

The site of the former K of C building on North Jefferson street is now being used as an automobile parking lot by employees of the Pennsylvania Power Company. A gasoline roller has been used by the contractor who dismantled the building to smooth out the site. A coat of boiler ashes has been applied making a nice appearance to passing motorists and pedestrians.

Gen. Jos. Stilwell Is Critically Ill

SAN FRANCISCO, Oct. 10.—(INS)—Gen. Joseph W. Stilwell, hero of the Burma campaign, was waging a fight for his life today in Letterman General hospital at the San Francisco presidio.

U. S. Sixth Army Headquarters announced that the 63-year-old general was "critically ill" following an operation for a liver condition which was believed contracted in the jungles of Burma.

Administration In Conflict On Budget Balance

WASHINGTON, Oct. 10.—(INS)—The administration was in conflict today over balancing the budget after Treasury Secretary Snyder contracted a presidential statement that the nation would make ends meet during the current fiscal year.

Snyder said there had been no changes "whatsoever" in the estimates of August showing there would be a budgetary deficit of one billion, 900 million dollars.

The secretary pointed out that it might be confusing to some people—supposedly even presidents—that a deficit will appear in spite of the fact that the treasury will take in about three billion dollars more during the year.

Seek Clues In Double Murder

Blonde Waitress And Former Merchant Seaman Found Slain On Florida Beach

FORT LAUDERDALE, Fla., Oct. 10.—(INS)—Broward County Sheriff Walter R. Clark resumed search today for clues in what he termed the "double murder" of a former merchant seaman and a pretty blonde waitress who had been "going steady" for three years.

The bullet-pierced bodies of Lawrence Hogan, 31, and Elaine Eldridge, 24, were found yesterday on Dania Beach, about 50 feet apart. Hogan was shot in the chest; Miss Eldridge in the head.

Sheriff Clark said the weapon used in the double-slaying apparently was of small calibre.

Had Been Dancing

Miss Eldridge was the daughter of a Chatham, Mass., contractor. Hogan was widely known as an athlete in the Fort Lauderdale area.

Retracing the couple's activities the night they were shot, Sheriff Clark said they had been dancing at a small night club, had their pictures taken and then drove to the Dania Beach.

The sheriff said Hogan was shot as he stepped from the automobile, and Miss Eldridge was killed by a bullet as she fled.

President Of China Re-Elected

NANKING, Oct. 10.—(INS)—Generalissimo Chiang Kai-Shek was unanimously re-elected president of the Chinese Republic today by the central committee of the Kuomintang (government party).

At the same time the Chinese ministry of defense announced that Chiang has ordered resumption of conscription to provide manpower for the government's armed forces. Chiang's election was for an indefinite term or until the so-called "constitutional regime" is set up.

The Generalissimo has set Nov. 12 as the date for the convocation of a national assembly for the purpose of approving a constitutional type of government.

Chiang's three-year term lapsed yesterday and the nation was officially without a head for a nine-hour period until the Kuomintang committee voted.

HOTEL STRIKE IN PITTSBURGH STILL FAR FROM SETTLED

PITTSBURGH, Oct. 10.—(INS)—No immediate settlement in Pittsburgh's 10-day-old hotel strike was foreseen today following another fruitless negotiation session between hotel and union officials.

Federal conciliators said no further meetings were scheduled but that both sides remained "on call."

SECRETARY HULL'S CONDITION
WASHINGTON, Oct. 10.—(INS)—The Naval hospital announced today that there is a "slight but definite improvement" in the condition of former Secretary of State Cordell Hull.

The bulletin said: "Mr. Hull rested well during the night and shows slight but definite improvement this morning."

Rumors Of Action On Meat Situation Now Flood Capital

(BULLETIN)

WASHINGTON, Oct. 10.—(INS)—The nation's beef industry formally petitioned secretary of agriculture Anderson today for removal of price controls on beef.

The secretary has indicated that he will act "very promptly."

WASHINGTON, Oct. 10.—(INS)—Indications mounted today that the government is preparing to unfold a plan for alleviating the meat famine which has presented the

administration with a grave pre-election crisis.

Importance of the meat situation was underscored by a two and a half hour conference of top agency and Democratic officials at the White House late Wednesday.

Rumors of impending action flooded the nation's capital, but officials were put under a lid of silence and there was nothing concrete as to what would take place and when.

Homecoming Is Set For Saturday At Westminster

NEW WILMINGTON, Oct. 10.—Westminster College authorities will put out the "welcome" mat for graduates and former students Saturday, when the 89th Homecoming Day will be observed. Robert Maxwell, alumni secretary, is in charge of arrangements.

When football was suspended in 1942 because of the war, the traditional observance was dropped. With the Titans back with a grid team, a contest with Edinboro State Teachers College at 2:15 p. m. will highlight the day.

Because of crowded conditions and the lack of meat supplies, all those planning to visit the campus have been asked to make their own arrangements for lunch. However, doughnuts and cider will be served in the gymnasium after the football game and sororities and fraternities will entertain their guests at dinners in the evening.

A dance in the gym in the evening will climax the day's program.

November Call For Draft, 15,000

Enlistments Result In Reduction Of Number Of Draftees Called Next Month

WASHINGTON, Oct. 10.—(INS)—The November draft call was revealed today to be set at fifteen thousand, the smallest since the July-August "holiday."

Officials explained that this reduced call is in line with the army's policy of asking for only enough draftees to fill the gap between voluntary enlistments and total manpower needs.

Response to the army's campaign for "guardians of victory" was so favorable in September that a slump of 20,000 calls under the number of men inducted this month was made possible for November.

Through September 21 nearly 38,000 men volunteered for service in the army, a considerably larger number than had been anticipated for the entire month.

Total enlistments since the armed forces recruitment act was adopted Oct. 6 last year are nearing the one-million mark.

An army official asserted that (Continued on Page Two)

Warren, O., Power Strike Called Off

WARREN, O., Oct. 10.—(INS)—The three-day crippling Warren power strike was temporarily called off today when 140 employees of the Ohio public service company returned to their jobs.

Officials of the company reported that the power load to industrial and commercial consumers was picking up and that full service would be restored later today.

Flights Over Part Of Europe Banned For Time

LONDON, Oct. 10.—(INS)—Pan-American Airways confirmed reports today that a United States military order has been issued forbidding military and civil flights over Czechoslovakia, Hungary and Romania between the ninth and 14th of this month.

The airline said in a statement that the order also bans flights by American aircraft over Germany and Austria until further notice.

The company said, "until clarification has been received all Pan-American services to middle Europe will be halted at Brussels."

Youth Night Is Inspiration To Convention

Huge Audience Shares Program Of State S. S. Convention Wednesday Night

GIRLS CHOIR IS MUSIC FEATURE

Inspiring is the word for the Wednesday night session of the State Sabbath School Association convention in the Cathedral. It was "Youth Night" on the agenda of the convention and somehow the meeting seemed to reach spiritual heights that will be hard to equal.

Perhaps the music had much to do with the emotional lift that the session gave the 2,300 or more people in the auditorium. Certainly it was an inspiration. A girls' choir from Milheim, Pa., 42 fresh young voices that accentuated the beauty of the hymns they sang. To the inspiration of the girls' chorus was the congregational singing directed by Dr. Clyde W. Meadows of Chambersburg. And to the music was added an address by Dr. Ruth I. Seabury of Boston, two short testimonials on "What Christ Means to Me" by a young man and a young woman and finally a service of consecration conducted by Rev. Ivey J. Shuff of Philadelphia.

The evening service reached a peak that will mark the 84th convention of the Sabbath School Association.

Julian F. Ulmer, presiding

The service opened at seven thirty with Julian F. Ulmer of Pottsville as director. A devotional period followed with some unusual congregational singing effects and a visual presentation of what tolerance and Christian fellowship can mean to children.

The Milheim Girls' Choir was then heard in a half hour program directed by A. F. Stover and the girls helped to set the mood of the entire evening service. Following the chorus Miss Cleo Carson, of Mercer County and Clark Fleming, of the State Youth Council presented their testimony in "What Christ Means to Me." The two youngsters were impressive in their sincerity and their simplicity of expression.

Dr. Ruth I. Seabury

Dr. Ruth I. Seabury of Boston, Mass., was the principal speaker of the evening. Her subject was "One In The Larger Thoughts of God." Dr. Seabury is a much traveled woman.

Three Acquitted Nazis Are Facing German Trials

NUERNBERG, Oct. 10.—(INS)—A detective was assigned today to the German Police President William Hoegner to trail Hans Fritzsche as assurance that the acquitted war crimes defendant will not flee. Hoegner announced that as long as the former Nazi radio propagandist and Franz Von Papen remain in Nuernberg they will not be arrested until preparations have been made for their trial by a German Denazification court.

Von Papen, one of the three men acquitted by the war crimes trial, has elected to remain in the Palace of Justice prison. The third acquitted defendant, financier Hjalmar Schacht, was arrested in Stuttgart by German authorities.

The assignment of the detective, Karl Schurz, to trail Fritzsche, his wife and their eight-year-old daughter, apparently inspired a Reuters dispatch stating that he had been arrested. The agency, however, later quoted the police president in a denial that was so.

Hoegner said that Fritzsche was free to go anywhere in Nuernberg although he was "technically in custody."

Millions Have View Of Meteor 'Shower'

(By International News Service)

Prospects appeared poor today for a repetition of last night's meteor "shower" which was viewed by millions of persons throughout the United States.

Dr. Leland Cunningham, associate professor of astronomy at the University of California, said it was "not likely" that the spectacular phenomenon which lighted the heavens last night would recur tonight.

Greatest Display

Scientists in various parts of the nation—watching from their observatories for the comparatively rare meteor display—unanimously termed the spectacle one of the greatest in the history of astronomy.

Viewers on the Pacific Coast and in other western parts of the United States apparently got the best and longest view of the flashing bits of cosmic rubble which, scientists say, were part of the tail of the Giacobini-Zinner comet.

View Marred In East

In the southeast and in the middle west, the meteors were visible for some time but extreme cloudiness marred the spectacle for residents of New York and nearby areas.

While scientists peered through their telescopes to compute the speed with which the "shooting stars" appeared, lay observers craned their necks from roof-tops and other high places to enjoy nature's fireworks with the naked eye.

Rev. Walter E. Myers Given Fine Tribute

Almost a quarter century of Christian service in the work of the Pennsylvania State Sabbath School Association was marked in a pleasing manner Wednesday night by the convention now being held in the Scottish Rite Cathedral when Rev. Walter E. Myers, retiring general secretary was tendered a testimonial dinner. Sharing honors with him was his wife.

Rev. Myers entered the service of the Sabbath School Association in the early '20's. Over his years of service he has been a force for good in the work of the association and his organizational ability, his genius (Continued on Page Two)

Convention Set For Pittsburgh Is Shifted Here

Due to the unsettled conditions in Pittsburgh, the convention of the Pennsylvania Industrial Bankers association scheduled for that city on Friday and Saturday, Oct. 11 and 12 has been transferred to the Castleton hotel here. About 75 delegates representing loan companies of the state will be present. It is said.

Also on Saturday in The Castleton will be the conference of the third district of Quota clubs. About 60 delegates are expected to attend this conference.

On Saturday and Sunday, Oct. 19 and 20, the Young Women's Christian association will hold a two-day conference here.

Restore Order In Rome After Riots

ROME, Oct. 10.—(INS)—Premier Alcide De Gasperi moved swiftly today to placate Italian unemployment demonstrators who staged the worst riot Rome has seen in many years, storming the Viminale Palace where at least one person was killed and 99 were wounded.

Unofficial and newspaper accounts indicated that as many as 12 persons were killed, however.

De Gasperi attributed the rioting—which was broken up only by the intervention of armored cars, tanks and troops laden with police reinforcements—partly to Italy's failure to obtain more favorable treaty terms at Paris.

An official government communique, issued after order was restored, said that only one person was slain and 99 others wounded in the clash between demonstrators and spear-throwing police.

According to a motion submitted by Safety Director D. O. Davies, 43 six hundred candlepower lights will be installed along the route.

Large Wholesale Meat Dealers In Capital To Close

Will Close Down Unless Price Controls Are Lifted By Next Wednesday

WASHINGTON, Oct. 10.—(INS)—Large wholesale meat dealers in the nation's capital will close down next Wednesday and halt all meat deliveries handled by them unless price controls are lifted by that time.

The wholesalers voted to take such action at a meeting of the wholesale food division of the merchants and manufacturers association which lasted until nearly midnight.

More than 15 big wholesale dealers and nearly 20 other food suppliers were represented at the meeting. Joseph B. Danzansky, attorney for the group, said:

"These wholesalers supply 90 per cent of Washington's meat and they have their bellies full of a situation that forces them to keep their doors open and meet payrolls when they have nothing to sell."

No Presidential Action On Power

WASHINGTON, Oct. 10.—(INS)—The White House said today that no presidential action is being considered in the Pittsburgh utility strike.

President's secretary Charles G. Ross was asked at his morning news conference whether the president contemplated any action in the strike. Ross said:

"No action that I know of."
"No seizure?" He was asked. Ross replied:

"It hasn't been discussed."

Recognition For Long Service In Sunday Schools

Awards Made At State Sunday School Convention Today—Scranton Gets 1947 Sessions

MOVE HEADQUARTERS TO HARRISBURG SOON

Business of importance to the association marked the morning session of the Pennsylvania State Sabbath School Association convention today in the Scottish Rite Cathedral.

Among the things done were the following:

Selected Scranton as the 1947 convention city and received a preliminary bid from Williamsport for the 1948 convention.

Authorized the changing of the State headquarters from Philadelphia to Harrisburg.

Awarded 38 officers and teachers who have served 50 years in Sabbath School work, badges symbolizing the service.

Announced the point standings of the various counties in the attainment and growth of the county associations. Lawrence tied with Franklin County for fifth place with a score of 435.

Dr. A. Monroe Hall of Williamsport, a vice president of the association presided at the morning session. A devotional period was held following which a short memorial service was held honoring outstanding members and friends of the association who died in the past year. Among the deceased persons so honored were Fred L. Rentz, late president of the New Castle News and Dr. John J. McElwaine, late pastor of First Presbyterian church. The service was in charge of Rev. Robert Lander of Johnstown.

Dr. Hall then reported the recommendations of the committee which was in charge of deciding whether or not the state headquarters should be moved. He reported that after a seven year survey of the situation it was the unanimous opinion of the committee that the change should be made. The convention adopted the report.

Rev. Joseph M. Wood was called to the platform and made the formal invitation for Scranton to be the host city for 1947.

As an earnest of good intentions H. J. Heller of Scranton presented the state president with a plaque made of anthracite coal. The convention accepted the Scranton invitation.

Sharon Group Banquet Here

Westinghouse Veterans Coming Here For Annual Banquet At Cathedral, Saturday

Eight hundred members and guests from the Sharon Westinghouse Electric Veterans Employees Association will gather here on Saturday evening for the 10th annual banquet in the Scottish Rite Cathedral at 6:30 o'clock.

The banquet is being held at The Cathedral because of the fact that there is not a suitable location in Sharon to accommodate that number, it is stated.

President Gwilym A. Price of the Westinghouse Electric Corporation will be among the guests present, and will address the dinner meeting.

B. P. W. INITIATES AT DINNER MEETING

Business and Professional Women's club at its October dinner business meeting in the coral room of The Castleton initiated nine new members.

Program of the evening was in charge of the membership committee of the club, Miss Florence C. Davis, Miss Helen Meyer, Miss Lora Kaatz, Mrs. Martha E. Smith, and Miss Helen Dana White.

New members initiated at an impressive candlelight installation ceremony conducted by Miss Mary Scherger, president, were Mrs. Mary White Davis, Mrs. Katherine Gross, Miss Isabelle Johnson, Miss Myrna Kelly, Miss Kathryn Lewis, Miss Mary Elizabeth Norris, Mrs. Agnes Roberts, Miss Virginia Pierson, and Miss Ruth Weir.

During dinner pep singing was led by Mrs. James VanGorder with Miss Olive Webb at the piano.

Musical feature of the program, two piano solos by Frank D. Taylor, Jr., one the Clair de Lune by Debussy, the other a Strauss waltz were received with enthusiastic applause.

During business with Miss Scherger presiding the club voted to contribute \$50 to the Community Chest fund following a report for the Public Affairs committee by Miss Ruth Hanna.

Elected as delegates to the district meeting in Ambridge Saturday, October 19, were Mrs. Edith Vogan, Mrs. Mabel Bolland, and Miss Helen Meyer, with Miss Lora Kaatz, Miss Martha Dismore, and Miss Helen D. White, alternates.

Announcement was made that the prize for the best costume at the recent "farmers' party" at Dr. Mildred Rogers' farm had been awarded Mrs. Mabel Bolland.

Following a report for the International Relations committee by Miss Alice Sterling, the club voted to begin sending package abroad.

For the legislation committee, Miss Dorothy Parry urged members to be sure to vote on election day, Tuesday, November 5, and reported on replies received from candidates for state assembly on the uniform pay bill.

B. P. W. District 2 meeting in Ambridge October 19 will climax National Business Women's Week October 15-19. October 23 there will be an executive board meeting in the Y. W. C. A. November 6 the club will meet for dinner and a social time.

FAREWELL PARTY FOR MRS. PAUL BUCKLEY

Mrs. Paul Buckley entertained the Victory Ten club Wednesday evening in the home of her mother, Mrs. George Morrow, of 349 Neshannock avenue.

The event was in the form of a farewell party in honor of Mrs. Buckley who will leave the early part of next week for California, where she and her husband will make their future home. Mrs. Earl Wallover, in behalf of the group, presented Mrs. Buckley with an attractive gift.

Various games were enjoyed, with trophies being awarded Mrs. Buckley, Mrs. Inis Custer and Mrs. Blanche Patterson. Mrs. Mary Nicholson received the special prize, while the door prize went to Mrs. M. Jackson.

Luncheon was served by the hostess, aided by her cousin, Miss Elsie Hogue, and her brother, Paul Morrow.

WASHINGTON CALLING

Column Offered To Future Historians
WASHINGTON, Oct. 10.—This column is a free offering to the social historian who will try at some future date to interpret the time in which we live. While the scope of the picture is small, it may throw a pinpoint of light on cause and effect in a larger scale.

In our neighborhood is a market to which farm women come twice a week, bringing every sort of good thing. On these rare October mornings, it looks especially rich and fine. Besides the dressed chickens, the rolls of country butter, the fruits and vegetables of the harvest season, there are late flowers—cosmos and chrysanthemums.

The place is full with a bustle and stir as city people move up and down the aisles, the women with their early-morning predatory look, the males slightly abashed, realizing they really do not belong.

Farm woman: Well, I hear you've been away. How're things over in Europe?

Reporter: They're a little better, I think. I didn't see very much or stay very long.

Getting No Better
Farm woman: They certainly haven't been getting any better over here.

Reporter: So everybody seems to think. Can you let us have some eggs today?

Farm woman: Yes, I've got some eggs today. They're 80 cents a dozen now. High? Yes, of course it's high. But then, so is the price of everything we have to buy. Eggs have gone up 25 cents since the last time you were here.

The little group around the counter takes up this theme. One woman says that she heard from her sister in Iowa that eggs were 90 cents a dozen out there.

I asked my husband the other night—we've been married 20 years," she says, "if he could ever remember things costs more, and he thought he could remember when eggs cost \$1 a dozen. That was back in 1928."

It was a long time ago, we agree. And 1928 was a year of some importance. It was the year when the boom of the 20s reached its crest. Just before the wave toppled and fell.

From eggs, the conversation goes to chickens. The farm woman at the next counter has a large baking hen and some medium-sized stewers. The baking hen will run to about \$5 or maybe a little more. "Why, we used to get a turkey for that," says the customer, with surprise and indignation in her voice.

Long Time Ago
But the farm woman reminds her that, too, was a long time ago, long before the war. She tells how a friend went into a chain store to buy a frying chicken, a small, skinny one, and it was 95 cents a pound.

You can hear that same conversation a thousand times over in every corner of the United States. We are discovering what inflation means when it gets down to the corner grocery level.

The prosperous middle and upper-income groups are perhaps still buying as freely as they did six months to a year ago. But the important question is what will happen to the purchasing power of the great mass of Americans at the lowest income level.

How much butter can they buy at 93 cents a pound? How many eggs at 80 cents a dozen? How much milk at 21 cents a quart? Behind all the big words of the economic theorists, it is on the answers to those simple questions that our destiny will turn in the coming months.

Dr. George Gallup solemnly reports, on the basis of a nation-wide poll, the price control is not as popular today as it was five months ago. As though that should surprise anyone!

Price control five months ago was still relatively effective. Then came the struggle in Congress, with pressure lobbyists riding herd on the price-control act. Even though the administration had passed out fairly substantial price increases, they were not satisfied.

The result was the pathetic compromise which the President finally and reluctantly signed. Price control today is a fraud and a sham. Why should anyone be for it? It seems a long time ago, in the middle of the struggle for effective price control, that we were told that price increases would be moderate if controls were taken off.

The social historian will have his statistics, his charts and his graphs. But he will learn just as much if he listens in on the conversation when city and country meet as buyer and seller.

CARELESS NOW
"And did you wind the clock?" she'd say.

"And did you lock the door?" Or: "Did you put your books away?"

Such questions come no more. I leave my stuff strewn everywhere. For there is none who seems to care.

"Oh, are you sure the windows all are shut against the rain?" Come, put away the table small. Till cards we play again."

Through open windows beats the rain. And cards we'll never play again.

I leave my papers strewn about. The door forget to lock. The little table still stays out. I seldom wind the clock.

A sorry look the dwelling wears. For there is no one now who cares.

LOOKING AT LIFE

By ERICH BRANDEIS

A fellow who said he was writing a book on conditions in New York went on an early morning tour of Harlem a few days ago.

While he was talking to two young women at about 3 a. m. a man walked up to him, briefed him over the head and took one dollar away from him.

While the sociologist was thus finding out about conditions in New York, one of the two women relieved him of three dollars, which he had in another pocket, and the affair wound up in the police court, where the judge sagely remarked:

"There would be more tranquility in the city if amateur sociologists would stop roaming the streets at 3 a. m. in quest of material."

I have a suspicion that, if the book should ever be published, you would read in it that night-time conditions in New York are not good.

However, may I add that conditions in New York are just as good as anywhere else if you mind your own business, stay where you belong and go to bed sober and at a decent hour.

A national airline has announced that during the Miami winter season it will schedule a special flight to Havana at 9 p. m. daily.

Guests will make the trip in evening clothes, get to Havana in time for several hours of night life and return before the next dawn.

In case the white-tied and decollete guests are not interested in the night life of Havana, they, too, may study the sociological conditions of that gay capital and, perhaps, also get themselves briefed over the head and relieved of their money.

However, when I was in Havana, studying sociological conditions in Sloppy Joe's and other sociological establishments, the extraction of my

money was done in a much more refined way than in Harlem, and the gentleman in evening clothes who did the relieving always said: "Gracias, Señor."

While I am on the subject of sociology I want to pay my respects to the lady who recently died and left \$5,000 for the maintenance of her cat, who had "shown her the art of feline and devotion which she had so sadly missed in her relatives."

I would also like to mention the story about a rare orchid which is blooming for the first time in New York's Botanical Garden and which, to bring back Dr. Bassett Maguire traveled six weeks by canoe and on foot to get through the 300 miles of jungle between the coast of Dutch Guiana and Tafelberg, Mountain.

Preliminary aerial surveys were made by the Dutch Government and the United States Army Air Forces before the expedition was under way.

And all for what? The flower, noted for its fragrance and its lip-colored shades with surrounding yellow and red-brown spotted petals, grows at the top of towering trees in dense tropical forests and is hard to find. (Almost as hard as peace, maybe.)

Why am I writing all this? Oh, I don't know. Just looking at life.

From Me To You

The Governor of Pennsylvania was in New Castle. . . you all heard about that. . . Tuesday he was here. With him were some of the boys who will run for state and national offices this coming election. Before election time some candidates from the opposing forces will be around.

Everyone will have an opportunity to see these men. . . everyone who wishes will have a chance to say a few words to them. Everyone has the opportunity to say what he wants about the candidates.

Good and bad. . . all topics concerning the coming election will be hashed and rehashed. Some mighty powerful words will be spilled. . . Some words that will make us sit up and take notice. You will get hot under the collar. . . you will call people names, agencies names. . . you have done that for years and you think that it's right to do so today.

You bet your bottom dollar it's right. . . you are the only people in the world that can do as you wish. . . talk as you wish. . . go where you wish. . . and elect whom you wish. That is America.

So many, many people take this all for granted. . . they study in school the laws of our nation. . . the fundamental laws. How many can right today without looking, tell what the first 10 amendments to the Constitution are?

Not very many can do that. . . not very many tell about the reason of our having the type of government that we have today. . . BUT. . . there are some who can tell you. . . and the rest of the people around you.

The ones who are spilling the words around. . . concerning certain parts of make-up. . . are none other than the parlor pinks. They have to know the rules and regulations from a to z. . . They have to know where to hit us in the weakest spot. Their greatest help will be in breaking down our solidity. . . tearing down from within. . . because they know that if we are united they haven't a ghost of a chance. By all means stick to the right.

The Parent Problem

By Garry C. Myers, Ph. D.

BRINGING UP GOOD CITIZENS

I am sure you will agree with me that the two questions asked in the following letter are of interest to most parents.

"Dear Dr. Myers: I want to thank you for your wonderful help in the past, and again wish to ask you some questions."

"Yesterday my little girl, eleven, picked up an old wagon with no wheels on it that she found in a deserted building (from which the owners had moved two weeks ago), and brought it home. I made her take it back. I didn't know if they still wanted it or not, or even to whom it belonged. But don't you think I let her keep it (even if I knew it wasn't much good) that she might have started to pick up everything she saw, no matter where she found it? Will you tell me if I did right?"

Enough Punishment

"My second question: One of my neighbors will give her children a hard whipping and make them also sit in a chair for a long time, when they disobey. Don't you think that if she is going to make the child sit in a chair, it is enough punishment without the whipping? If a parent put her child in a chair and told her to sit there and she kept getting off, wouldn't it be all right to spank the child to make her stay in the chair?"

I wrote this mother she was right in her own answer to each question. I wish I might persuade all parents to do as this mother did when her child brought home an article she had picked up from another person's property.

In the first place, the child should not have been "nosing" around the house from which the family had moved. Unfortunately, the mother did not seem to make this an issue. The same principle applies to buildings under construction. No child should be in or about such, except when an older person who knows he has business to be there.

Not only may children be in physical danger in such places, but they also get practice at taking liberties with other people's property. They get bad training for good citizenship. Teaching Child Care of Property is a new bulletin of mine which may be had in a stamped self-addressed envelope by writing me at 235 East 46th Street, New York, N. Y.

One Form of Training

Any good punishment, especially of the younger child is decisive and soon over with. Long, drawn-out punishments are always bad. As between spanking and chair-sitting, the latter is to be preferred, if the parent can train the youngster to remain in the chair till the assigned time is up. The time should be definite: about 15 minutes for the youngster age two to 3, for the tot four or five; 45 for the child eight or ten.

No sense, of course, in sentencing a child of any age to the chair if he will not stay there—to look at him in the chair, or stand over him with a threat. Just check after a minute or so and spank or paddle him if he has moved from it an inch, so soundly he won't try it again soon.

The parent who has the stuff of character to use the chair-sitting punishment effectively has established a means of control which should enable her to manage the child then and later without using much punishment, and thus free the youngster from a less effective tongue-lashing. It is important to remember to practice only one type of punishment for the self-same offense.

NO NUTRIMENT IN LOGIC

There is a widespread belief that there would be plenty of meat for sale if those who produce and market it were allowed to fix its selling price. Hence the demand for removal of Government controls.

That belief is probably well-founded. The prospect of profits satisfactory to meat handlers all along the line from hoof to table would stimulate marketing to the point where the demand of consumers with money enough to pay steep prices—could be satisfied.

But the problem is not merely to make meat available to consumers in the upper income brackets—it's to secure a fair distribution all around. To prevent the increase of meat prices to a point where, in competitive bidding, it would go to those with the longest purses.

In attempting to solve this problem the Government has followed unstable policies that have resulted in churning production. It is now groping blindly toward makeshift remedies. One such is proposed by House Majority Leader McCormack, who wants a pre-election rationing on meat price control.

Temporizing won't get the Administration anywhere. The need is for a sound policy that will stick: one that recognizes the right of producers and marketers to reasonable returns, the right of all the people, not just the well-to-do, to a just share of the meat produced at a cost free of unreasonable profits.

There is logic in the demand for return to the law of supply and demand; but consumers who under abnormal conditions would be frozen out by the operation of that law can't sustain themselves on logic—Philadelphia Evening Bulletin.

FUSSY HOUSEKEEPER

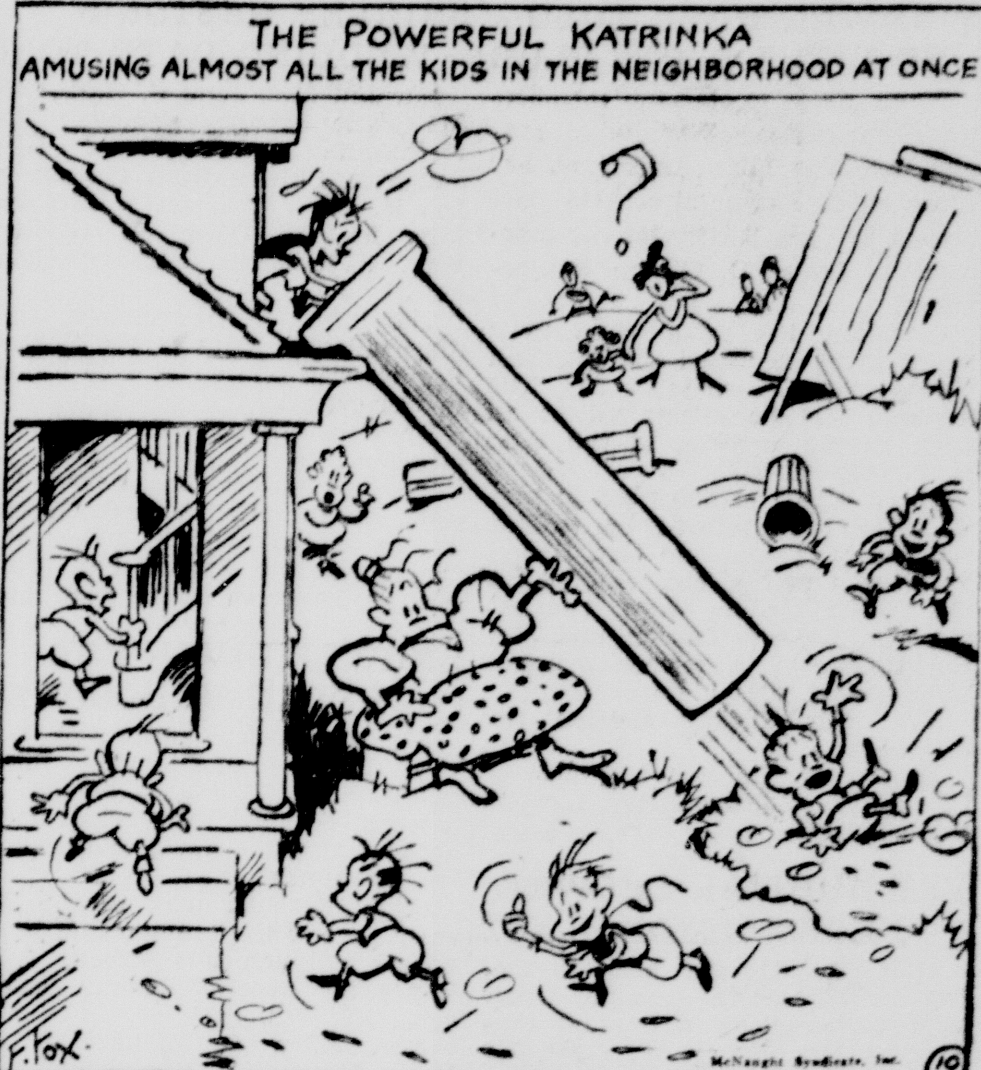

"My husband thinks I am unreasonable because I am particular about what he calls the small points of housekeeping. I cannot, for instance, stand seeing coats and hats slung aside seaters spread on the floor by his easy chair. Window shades rolled up to the top window frames. Don't you think I have a case, that any really good housekeeper would object to such things?"

Answer: Nothing is more objectionable to a meticulous housekeeper than an untidy house. People who are innately neat are unhappy when things are up-let.

Nevertheless, even if you are the soul of neatness, let the poor man enjoy his days at home and be glad that he is faithful enough to come home to you.

Washington Reports

Jim Farley May Return To Active Political Role
Wallace Cabinet Ouster Likely To Lure Him Back
Important Congress Probe Committee Will Die

(Special to Central Press)

WASHINGTON, Oct. 10.—Washington political observers are speculating that the ouster of Henry A. Wallace from the Truman cabinet and the President's backing of Secretary of State Byrnes in the recent foreign policy controversy may bring former Democratic National Chairman James A. Farley back into the official Democratic "family."

That possibility was raised by Farley's presence in Paris at the height of the Wallace-Byrnes cabinet crisis.

Reports that Farley had a prominent hand in bringing the Democratic row to a conclusion with Wallace's dismissal were given little credence in Washington. But politicians nevertheless believed that Mr. Truman's 100 per cent support of Byrnes—a conservative like Farley—may have been enough to pave the way for "Big Jim" to resume an active political role.

Farley broke with the late President Roosevelt in 1940 over the third term issue. Now that the last of the original New Deal cabinet officers is gone, some persons believe Farley may be ready to lend his strength to the Democratic cause on a national scale.

Farley has maintained his thousands of party contacts throughout the country while serving as a traveling executive for a soft drink concern. He is credited with knowing more Democratic local leaders and workers in his time than anyone else in the party.

His active aid in the closely-fought congressional elections this year—and the presidential battle ahead in 1948—conceivably have a decisive effect. What he will do is still Farley's secret.

Officials of the United States and some of the Latin-American countries are growing increasingly unhappy over political developments south of the Rio Grande since the war ended.

They fear that the entire fabric developed under the late President Roosevelt's "good neighbor" policy and made more binding by the common danger of hostility may be falling apart under the stresses of the peace.

State Department experts avoid voicing their apprehension in public utterances but some of them privately evince concern. In public they note that more free elections have been held in South American countries than at any time in history. Many of them as in Brazil and Argentina—for the first time in years.

It is the apparent development of a cleavage between nationalistic and communistic ideologies. Be-

What People Say

(International News Service)

NEW YORK—Bernard M. Baruch restates his position on atom bombs: "America asks nothing she is not willing to give. How can anyone ask destruction of existing bombs unless their further manufacture is effectively prohibited. Why should America alone be asked to make sacrifices by way of unilateral disarmament in the cause of international good will?"

CHICAGO—President Truman in a message to the American Federation of Labor: "Now more than ever, organized labor must speak for and act in behalf of all who labor. You must demonstrate as you did during the war, that the goals of organized labor are identical with the goals of our democratic nation."

MINNEAPOLIS—Robert N. Watson, president of the National Association of Manufacturers: "Never before in American history has the pattern for future depression been so clearly outlined by government action in a period of endless plenty. Hope of prosperity has been thwarted by government controls and ineptitudes."

CHICAGO—Gen. Carl Spaatz, army air forces commander: "We know that freedom is preserved only through strength. We know that potential strength is not good enough. Over our heads hangs the contingency of some super-Pearl Harbor which would wipe out our industries."

State Police Say:—

Between 80 and 90 new drivers are taking to the highways every day in the five counties embraced by trooper D. The mere fact that a driver has successfully completed his driver's examination does not place him in the expert driver class. This great influx of inexperienced drivers presents a special problem in highway safety, and experienced operators should be alert for signs of inexperience in other drivers and regulate their driving accordingly.

Cut The Accident Toll

Leadership is an important function of the Federal Government and there is no place it is needed more than in the field of public safety, where each year—to mention only the dollars-and-cents factor—more money is wasted than, before the war, went into the National coffers as revenue. President Truman's plans for expanding safety programs in government departments are a good sign.

As Ned H. Dearborn, president of the National Safety Council, says, the fearful loss from accidents each year is a moral question which the Nation as a whole must face with more than words.

Recognition of criminal carelessness in driving our automobiles, and even in failing to train our children in the necessity of safe walking and playing habits, is not enough. People everywhere in this country realize the moral issue, but far too often fail "to translate it into performance."

The safety problem is a non-partisan question which everybody should help to solve. The accident toll can be cut down, and by an enormous margin, if the people of this country put their minds and hands to the task.

Two In Limelight

Two mid-term campaigns in which there is special interest this year are those in New York and Ohio.

The reason is that each state contains a potential Republican presidential candidate whose success or failure next month may have profound effect on the results of the Republican National Convention to be held in 1948.

In New York it is Governor Dewey who is in the spotlight. It is generally admitted by men of both parties that Governor Dewey has given the state a good administration. At the time this is being written it is believed that he has the edge among the voters—just how large an edge remains to be seen. If he wins the election he will at once become a formidable candidate for the Presidential nomination in 1948. The size of his plurality will have something to do, too, with the size of his chances.

In Ohio former Governor John W. Bricker is a candidate for the United States Senate. If he is elected, as it now seems likely that he will be, then he again becomes a potential candidate for the Republican nomination for President in 1948.

In each State the two age candidates are counted on by Republicans to pull the rest of the ticket across to victory. In New York Governor Dewey is conceded to have a better chance to win the governorship than Mr. Ives has to win the senatorship. Senator Meade, Governor Dewey's opponent, is well known in the State but has had little experience in State affairs. On the other hand Governor Lehman, opponent of Mr. Ives for the Senate, is well known in New York and has always been what is known as a "good runner." If Governor Dewey wins, Ives' chances of success are supposed to depend in great part on the size of the Dewey plurality.

In Ohio Governor Bricker, a popular and experienced campaigner, is running against Senator Huffman, who is comparatively little known in the State. On the other hand, Tom Herbert, running for governor, is up against the present Democratic governor, who is popular and well known over the State. So here, Mr. Herbert's chances for success are believed to depend somewhat on the size of Governor Bricker's plurality.

In Ohio Senator Taft is regarded as Presidential timber, too. It is fortunate for the Buckeye Republicans, however, that they have agreed to forget 1948 and concentrate on winning in 1946.

College Outlook For Future

The other day a young GI who intends to enter college but hasn't yet found a suitable school which can accept him said: "I think I'll wait until next fall because schools won't be so crowded then and I'll get more individual attention."

How misinformed he is.

The college outlook for the Fall of 1947 promises to be more difficult for would-be freshmen than even the present time. Some colleges are advising potential freshmen to make their applications at once. All large universities and most small colleges will again be thronged.

Here's why. There are nearly a half-million ex-GIs, wanting college education, who were unable to gain admission this year. In the meantime another 100,000 or more men will have been discharged from the armed forces with from one to four years education guaranteed them by the GI Bill of Rights. Many civilians—more than 100,000 by best estimates—didn't gain entrance this Fall. There's a backlog of perhaps 750,000 young men and women definitely on the waiting lists. Record graduation classes will pour several hundred thousand more youngsters, eager for higher education, into the college-bound streams next Spring.

Does that add up to any less chaotic conditions in our colleges come 1947?

Not A Bad Habit

Meat-eating, says Dr. Esther Phipard, identified as a Department of Agriculture nutrition expert—whatever that is—is only a habit and not essential to the diet even of persons engaged in hard manual labor. Actually, Esther holds, it's calories he needs and he can get them just as well from carbohydrates. She does admit, though—to the constipation of the O.P.s, no doubt—that it's difficult to keep meatless menus interesting.

It's undoubtedly true that a working man can get along on eggs, milk, fish, dried beans, peas, peanuts, peanut butter, apple butter, apple-sauce and whole grain foods. But meat-eating, like breathing, is a habit most persons would like to continue—although breath, unlike meat, is on the average reasonably easy to get these days.

Magician Birch Has Many Tricks For Big Spectacle

Will Attempt To Escape From
Strong Wooden Box; Other
Feats Planned

One of the best magic shows ever to be staged in this city will unfold on the Cathedral auditorium stage Saturday afternoon and evening when Birch, master magician, brings his troupe here.

One of the baffling feats planned during the show is the magician's escape from a strong wooden box, which will be constructed by a local lumber company. There will also be the illusions of the "vanishing pony", the "silk mirage" and the canary and the light bulb trick in which a live canary is shot into a burning bulb.

The famous master of legerdemain and mystery will bring 34 trunks and crates of scenery and equipment with him, making his show the largest traveling in the United States at the present time. Advance ticket sale has already begun and they may be obtained from Jack Gerson's jewelry and Fleming's music store.

The show is being sponsored by the Optimist club of New Castle, which will act as hosts for the children of the Margaret Henry home in a free matinee performance Saturday afternoon.

Football Weather

Now is the time for youngsters to get out with the pigskin. The game is a lot of fun.

Dad might have a headache if a forward pass crashes through a neighbor's window.

Next Book Session Postponed One Week

Forum Will Meet On October 29
Because Of Concert On Pre-
ceding Tuesday

Because of the concert on October 22, the next session of the Great Books forum has been postponed until Tuesday evening, October 29, at 7:30, according to Miss Alice Sterling, chief librarian of the public library.

This week's meeting, in the assembly room of the public library, was conducted by Joseph Leta, with John Locke's "Civil Government" as the topic. The group participated enthusiastically in the open discussion of the origin, purposes, and extent of government.

The topic for October 29 is Chekov's play, "The Cherry Orchard", with Mrs. Edward Grotefend as the leader.

Difficulty in obtaining some of the books for the remainder of the course, and the expense of some of the other books, has led to the appointment of a committee to determine which of the great books can be obtained most easily. This will mean some variation in the announced program for November and December, Miss Sterling explained.

December 31 Last Date To Apply For Army Commissions

PITTSBURGH, Oct. 10.—December 31 is the deadline for formal applications to be filed by officers seeking regular army commissions under the additional vacancies created by the recent passage of legislation authorizing an increase of 25,000 regular army officers.

Persons who have already applied and have been notified will not re-apply, but will fill out additional

information or a form to be sent to them.

Forms for applications for regular army commissions may be obtained from any military installation in western Pennsylvania.

Those who qualify under a processing program closely paralleling that employed in June to select the 9,813 men already offered commissions will be added to the original list of 70,000 applicants and all will be given an equal opportunity.

Tentative plans call for the integration of these new officers in four groups, in January, May, September and December of 1947 with great emphasis given to commissioning of officers in the ranks of captain and major.

Jury Pronounce Her Guilty
At Tunkhannock

TUNKHANNOCK, Pa., Oct. 10.—(INS)—A jury of 10 men and two women today found Mrs. Florence Randall, 38, guilty of being an accessory after the fact in the Memorial Day slaying of her husband in 1945.

The jury returned its verdict in the retrial of the auburn-haired widow after deliberating for five hours and 15 minutes.

Her conviction subjects Mrs. Randall to a maximum two year prison sentence or of \$2000 fine or both.

The jury made no recommendations concerning sentence which was expected to be imposed by Wyoming county Judge E. B. Farr in November. Mrs. Randall is the mother of two children.

Kenneth Ferrell, 31, Loyallville lumberman, was given a life sentence for the slaying of her husband, Charles Randall, 37-year-old Harveys Lake boat concessionaire, on a lonely road near the lake. State police said the victim was shot six times and bludgeoned.

**Phillips Post
Names Officers**

Andrew Marape, a veteran of World War Two was named commander of the James Phillips post of the American Legion at the annual meeting of the post. With him were named senior vice commander Attorney Frank O. Moretti; junior vice commander, Alex Durigan; finance officer, Samuel Bassan; chaplain, George L. Smith; sergeant-at-arms, John Donofrio; trustees, Joseph De Robit, Joseph Di Augustine, and Ralph Largo. The new commander then appointed George Moses as adjutant and Frank Natale as service officer.

Plans were discussed by the post.

**BACKACHE,
LEG PAINS MAY
BE DANGER SIGN
Of Tired Kidneys**

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisons waste out of the body. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matters stay in the blood. These poisons may starve nagging backaches, rheumatic pains, leg pains, loss of pen and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning, sometimes hows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions, or over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

PORTLAND, Ore.—(INS)—They say curly-haired Betty Evans of Portland is another Babe Didrikson, and is headed for the 1948 Olympiad in London.

National tournament experts and friends have modestly called her "the greatest pitcher in girls' softball" for the last two years. That was after Betty hurled four shutout games in the 1943 world title series.

Betty can kick and pass a football 50 to 60 yards, outrun any girl athlete in the northwest and is a fine basketball performer.

Her manager, Ery Lind believes Betty will soon be sprinting 100 yards in 12 seconds (Stella Walsh's record is 11.9) and with Betty's spring of a gazelle will soon equal Texas as the leading peccan-producing state of the nation.

Jean Shiley's high jump mark of 5'6".

Lind also thinks his protegee will throw a discus farther than 133'2".

HOLLYWOOD, Oct. 10.—(INS)—Two months of camping out in their honeymoon home have ended for Barbara Hale and Bill Williams.

Your reporter heard an excited call from the other end of an RKO corridor and Barbara came running up, all out of breath, and said:

"Oh, Uncle Will, we're so excited. We've finally got the house furnished. Part of it arrived Monday and the rest of it is coming today. Isn't that thrilling?"

(It might be noted here that beautiful Barbara addresses your reporter as "Uncle Will" because she says she bears a resemblance to one of her blooded relatives, but if the said relative ever gets a look at this scribe's mug all due apologies are herewith tendered in advance.)

In San Fernando Valley Since they moved into their home in the famed San Fernando Valley after their marriage back in Barbara's native Rockford, Ill., last June, they've been living with a hit or miss collection of borrowed furniture, even including a bed which rested on the floor because it had no legs.

Husband Bill, it seems, has been a very busy man these last six weeks.

"You should see the brick wall he's built across the front of the place," she said. "It's about two feet high. He finished it in two weeks. He also built a six-foot fence around the back."

Barbara and Bill still have a lot of time to have fun. The studio has no immediate commitments for them.

To Make London Picture Gary Grant won't make his London picture for Alexander Korda until next May, but he may put a quick visit to the British capital before then.

"A lot of plans have to be made on writing the script," Cary told your reporter on the set of "The Bachelor and the Bobby Soxer."

"If they can send someone over here, I won't have to go to London before I make the picture. Otherwise I shall."

Cary said he can't begin work on the Korda picture until May because he's slated to go over to Sam Goldwyn's Jan. 15 to star in "The Bishop's Wife."

Gets Chance To Sing Anne Jeffreys is by far the happiest girl in town. Anne studied for an operatic career, but most of her screen fame has been built around her face and figure.

Now Anne's chance has come at last. She flies east Oct. 16 for a week's engagement at the Brooklyn Academy of Music. It may run to two weeks.

Anne is busy getting together a swanky wardrobe for the trip.

No Freshman Hazing Stunts At Westminster

NEW WILMINGTON, Oct. 10.—Fishing in street manholes in the center of town, copying names from tombstones at midnight, and the wearing of ridiculous clothes, traditional forms of Freshman hazing at Westminster College, have been voted taboo by college authorities with the consent of Student Council.

With 1366 students enrolled, many of them veterans of European and Asiatic battlefields and with college already three weeks behind the usual schedule because of the delayed opening, it was generally agreed that the usual "hi-jinks" would be out of place.

What action fraternities and societies will take concerning initiation of new members remains to be decided. The fraternities ran into trouble the second semester last year in trying to get ex-GIs to submit to the usual hazing and at least one fraternity dropped everything but the formal initiation.

Holy Land Pictures To Be Shown Tonight

Tabernacle, 210 Pearson street, by Rev. Donald Ward, missionary to the Holy Land, who will show slide pictures of his work there.

Rev. Ward, who has just returned from Palestine, has witnessed the events that have transpired in that country during the past number of

years and will tell of it during the evening service. He will be the only speaker during the evening.

The Mission Convention will continue each evening this week at 7:30 o'clock, coming to a conclusion on Sunday. A service will be held on Friday afternoon at 2 o'clock.

Educational Tour Planned For Upper Grades At Thaddeus

Fifth And Sixth Grades Will Make Trip Via Bus To Educational Points In Pittsburgh

Members of the fifth and sixth grades of Thaddeus Stevens Grade school on the East Side are keyed up these days, as they make plans for a trip to many of the educational spots of Pittsburgh, which they have read so much about, but have not had the opportunity of visiting.

Peter Grittle, assistant principal

of the school, announced today that during the early part of November either the first or second Saturday, the boys and girls will board a large chartered bus and will take in such places as Buhl Planetarium, Carnegie Museum, Highland Park Zoo, and other places of educational value.

Accompanying the group to the steel city, beside Mr. Grittle, will be Mrs. Emma Richards, and Miss Dorothy Depp.

Among the other activities at the school, Mr. Grittle reported that during the month of September, the students at the school purchased \$34.40 worth of Victory Stamps. During that same month, Mrs. Myers' class held the record for good attendance, reporting an average attendance of 99.4 per cent for the period.

Hallowe'en will be appropriately

observed in the school on Hallowe'en day with a parade to be put on, on the school playgrounds. The boys and girls will be attired in costumes and masks.

Also of interest at the school is the visual education program, which has gotten off to a good start, through the use of the school's new sound picture machine. Each week, two films are being shown, with the boys and girls viewing a film on Alaska last week. The next film to be shown, will be one depicting the scenic wonders of the Alaskan Highway.

Security Office Announces Total Getting Benefits

Over Million And Half Dollars Paid
Out Monthly In Tri-
County Area

More than \$1,500,000 is being paid annually to 6,216 men, women and children in Lawrence, Mercer and Butler counties in monthly benefits under the old-age and survivors insurance program. Edward J. Sinder, manager of the New Castle office of the Social Security Administration pointed out that this compared with an annual rate of \$1,000,000 paid out in monthly benefits a year ago to 4,440 persons in the area.

In addition, Mr. Sinder stated that over \$293,900.00 in lump sums has been paid in this area on the wage records of about 2,021 insured workers who died since January 1, 1940, leaving no one immediately eligible for monthly benefit payments.

The monthly benefits in Lawrence County are distributed as follows: giving number benefitted and amount received monthly:

Retired workers, aged 65 or over, 967—\$25,146.51.

Wives, 65 or over, of retired workers, 324—\$4,197.07.

Children of deceased or retired workers, 400—\$5,646.60.

Widows with young children, 185—\$3,924.27.

Aged widows of deceased workers, 99—\$1,980.31.

Monthly benefits are paid also to aged dependent parents of fully insured workers who die without leaving a wife or a child under 18.

Mr. Sinder stated that the New Castle office services Lawrence, Mercer and Butler counties.

Try To Inform All

He said that although every effort is made to inform persons covered by the Social Security Act of their rights under that Act, a number of benefit payments are lost by persons otherwise eligible because they delay filing or fail to file claims for those benefits.

"It is necessary that a claim be filed for benefits," he said. "They do not come automatically to otherwise eligible persons. The person who is qualified to receive benefits must apply for them, and the place to do that is the nearest field office of the Social Security Administration."

"There is no charge whatsoever for the services performed by the Social Security Administration. People desiring information or advice on social security matters relating to account numbers and claims for benefits under the old-age and survivors insurance program are urged to get in touch with the nearest field office."

The New Castle office is located at 306 Neshannock avenue.

SHOOTING DOGS

Editor:
New Castle News,
New Castle, Pa.

Dear Editor:

The recent dog and cat quarantine ruling seems to be giving some members of the police force an excellent opportunity to indulge their sadistic impulses without restraint.

Although it would seem that dog owners sought to have something in exchange for their annual license fees, they certainly do not. If a dog is killed, either accidentally or shot by the police, owners are not notified, even though their pet is wearing a current year's license tag.

Surely it would take very little time or trouble to let the owner know what had become of his pet. Why not some cards to be filled out and mailed in such cases?

We understand that the money from license fees is used to reimburse farmers for livestock that has been killed by roaming dogs. But most city dogs do not wander more than a few blocks from their homes—they certainly do not go out into the country in search of livestock to kill.

No matter how closely guarded, dogs will occasionally elude the vigilance of their owners and get out. It may even be the first excursion of the kind it has ever had, but if one of our policemen spies it, it is shot on sight. Conviction without trial, the penalty, instant death. Is that fair? Could not the dog be picked up and the owner warned?

Last week some policemen got out of their car in front of a school just as several hundred children came out for the noon hour. The men got out of the car and in view of the children, shot at a dog but did not succeed in killing it. It

was a small, light-colored dog, and it was running around everywhere, or a few cats which may get a few birds, but who are the greatest menace to the rat population yet discovered?

Of course we are expecting the usual number of protests from the opposition, mostly anonymous!

Yours truly,

It would be so run over with rats that they would soon be able to take over things entirely. Just one cat belonging to me has killed several rats in a single night. In fact, we never see any now, but they used

to be extremely plentiful. Which would we rather have—rats running around everywhere, or a few cats which may get a few birds, but who are the greatest menace to the rat population yet discovered?

True, cats do catch birds. Yet they have been doing that since the beginning of time and have not yet succeeded in exterminating a single species. Which is more than can be said of man with his shotgun! His greediness for game has made it necessary to enact many laws to prevent the rest of the animal and bird population from disappearing.

run up and grabbed the muzzle of the gun and was then shot again. Recently a dog was shot near my home. It was hit in the shoulder and the bullet must have penetrated the lung and caused a slow, agonized death. The poor creature finally ran into our yard and expired, with the most dreadful expression of suffering on its face. The police were notified to take the dog away, which they did. But they did not let the owner know what had happened to the dog. Had not the writer ascertained the license number and found out to whom the dog belonged and phoned them, they would still be worrying about it. As for cats, it seems there are a great many people who would like to see the entire cat population exterminated. For my own part, a community without dogs or cats would be a most forlorn place.

Martin Deplores U. S. Reduced To Begging For Meat

PUNXSUTAWNEY, Pa., Oct. 11.—(INS)—Gov. Edward Martin declared today that "things have come to a sorry pass when the United States, always the greatest and richest among nations, has to go out, hat in hand, begging a loan of some meat."

In a speech at Punxsutawney, the governor explained that the U. S. was trying to borrow 20,000,000 pounds of beef from Great Britain. "And they warn us that even if they lend it to us, we will have to pay it back pound for pound before next February 28th," Governor Martin added.

The Republican candidate for the U. S. senate asserted that "free enterprise, which the New Dealers scoff at and ridicule, has given us the highest standards in the history of the world."

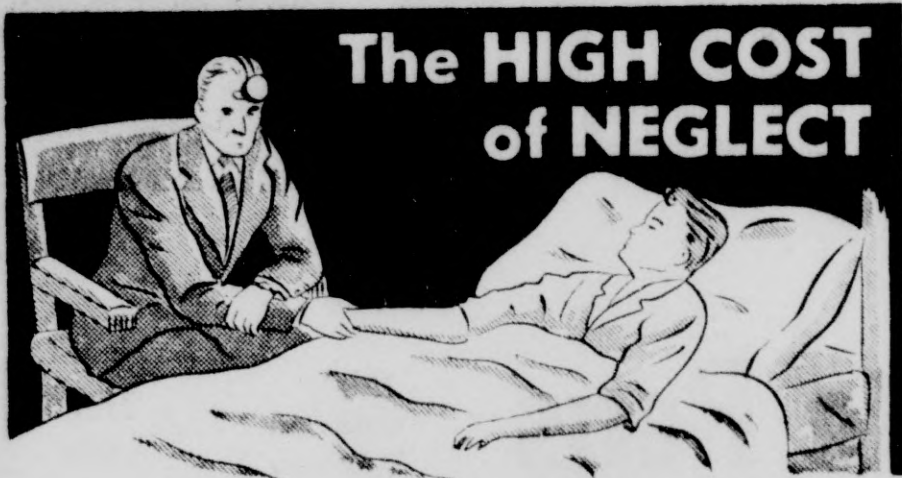

"Their own theories, with which they would replace free enterprise, are gradually driving those standards downward," he added.

BROWNWOOD, Tex.—(INS)—About three times a week, Billy Joe Simons of Calvert, 13, foregoes the pleasures of the old swimming hole to indulge in the gentle art of auctioneering.

Billy is believed to be the youngest "professional" cattle auctioneer in Texas if not in the United States. He is considered as good as many of the older men of the game, and has mastered the unique, sing-song chant of the veteran auctioneer.

The HIGH COST of NEGLECT

An ounce of prevention IS better than a pound of cure—and it costs a great deal less! Many a sickness that could have been cured quickly in the early stages can develop into a long and costly illness if symptoms are neglected. So, in the interests of your health, time, money, and comfort—see your doctor at the very first indication that all is not well within you. He, and he alone, is qualified to diagnose your symptoms and determine their cause and effect on your health. Carry out his instructions faithfully. And should he prescribe for you, bring the prescription to Eckerd's for sure, safe, letter-perfect-compounding.

County Teachers Meet This Month

Annual Institute Will Take Place In Union High School On October 24

Teachers of the county schools are looking forward to the annual institute, which will take place on October 24 and 25, plans for which are now complete. Superintendent of Schools John C. Spang will take place in Union high school, with an all-day program. Registration will start at 8 o'clock in the morning, followed by devotionals at 9:15 and the start of the day's session proper.

Dr. Murry A. Cayley, instructor in psychology and philosophy at Rochester Institute of Technology; and Dr. R. F. Galbreath, former president of Westminster college will be the speakers at the convention in addition to which James W. Marvin, director of the Community Section of the U.S. Treasury Department at Philadelphia will speak on U.S. savings bonds.

Mr. Cayley, a member of the Royal Air Force in World War One, is pastor of the First Presbyterian church of Rochester. He served on the faculty of Drew and Columbia University.

On Friday, the county teachers will join in the meeting of the Mid-Western PSEA in the Cathedral.

Airport Equips Aeronca Champion For Night Flying

Night flying for commercial aviation students will be offered at the municipal airport as soon as one of the Aeronca Champions is equipped with lights, according to an announcement from the airfield. This flying will be for students only. The runways will be marked off with lanterns. Night flying and instrument flying both are required under the government approved flight training course for commercial flying. A PT-16 is being used here for instrument flying.

Two Arrests On Picket Line In Power Strike

PITTSBURGH, Oct. 10.—(INS)—An army captain and a striking Duquesne Light company independent union picket were arrested on a disorderly conduct charge today after the picket allegedly refused to allow the serviceman to escort his father through the picket line at the Allegheny Steam Heating company.

Police arrested picket John Cunningham, 32, and Capt. Ralph Kalkock, 23, who said he was taking his father, George E. Kalkock to work.

The father, a technical clerk in the heating plant, an affiliate of the Duquesne Light Co., said the nine clerks voted 6 to 3 last Tuesday to return to work.

The captain said he has been escorting his father to work every day since the vote was taken.

MEETING POSTPONED

The hayride scheduled by the St. Mary's Sodality, this evening, has been postponed until further notice.

Scranton PastorDr. R. J. Williams, Past
President Of Kiwanis
There, Addresses
Club Monday

New Castle Kiwanis Club had an interesting program in The Castle-ton, Wednesday noon, when they heard Dr. R. J. Williams, pastor of the Ebenezer Presbyterian church, and Past President of the Scranton Kiwanis Club, also witnessed an interesting film on stream pollution.

The film was procured through the interests of B. F. Johnson, chemist at the City of New Castle Water Company, and showed the effects of contamination on streams and how it can be prevented by construction of sewage disposal plants. It was shown by Kiwanian Clarence M. England.

Dr. Williams in his address stated that hate is the essence of sin, and that most of the world's troubles can be traced to the fact that men do not try to be brothers to their neighbors, or to the residents of their own communities, let alone to the peoples of other countries.

He urged his hearers to take the spirit of Kiwanis into their own lives and to live as God would have us live.

Harold Himebaugh, president of the Scranton Rotary Club, who is a delegate to the Pennsylvania Sabbath School Association meeting here, was also a guest of the club.

HARLANSBURG

UNITY BAPTIST CHURCH

A unanimous call has been given by the church, to Rev. Joseph Leichter, of Point Marion. Rev. Leichter has accepted the call of the church, and will his first sermon as pastor on November 17.

Rev. Howard Wygant, of Grove City, delivered the address on Sunday morning, October 6.

B. Y. P. U. will meet on Thursday night instead of Friday night, this week, at the manse, with Mrs. John Taylor and Joyce, for the regular monthly business meeting. Miss Dorothy Kildoo will lead the devotions.

During the F. M. Circle meeting, at the home of Mrs. Emma Mallinak, 17 were present, with Mrs. Leona Flack, leading the devotions. A delicious lunch was served by the hostess, assisted by co-hostess, Mrs. Ethel Harkless. Sewing for the mission boxes and social chat, occupied the evening.

Loyce Kildoo and Chester Hunt were appointed from the Unity Baptist church, to meet with the deacons of Zion Baptist church, for the examination of Carl Jones, Jr., who is entering the ministry.

PRESBYTERIAN CHURCH

Sunday, October 13, regular services will be held in the church, with Holy Communion observed in the morning. Preparatory service is scheduled for Friday evening.

Fifteen members of the Ellen Bell Missionary society enjoyed the Stewardship meeting on Thursday, at the home of Mrs. William McFarland.

Mrs. Anna Johnson led the devotions. Songs by the group and a responsive reading on "The Miracle Gift" were used. The play "An Alabaster Cruise" was given by Mesdames Pearl Rodgers, Lavilla McFarland, Henrietta Johnson, Edna Donley and Pearl Byrnes.

The business meeting was conducted by the president, Mrs. Byres. A thirteen dinner was served. "Quitting" completed the day. Mrs. Sara Burton will entertain the society next month. Mrs. Ladys McConnell, Mrs. Arthur Flack and Mrs. Clarence Boyle are the leaders.

HARLANSBURG NOTES

Mr. and Mrs. William Kildoo, of Mt. Jackson, and Mr. and Mrs. Parker McConnell of Ellwood City, were Sunday afternoon callers, at the home of Mr. and Mrs. Lloyd Kildoo and family.

W. C. T. U. will meet at the home of Mrs. Robert Peebles on Saturday afternoon, this week, instead of Thursday, the regular time of meeting, on account of Sunday school convention in New Castle.

Mr. and Mrs. Clarence Allison were recent visitors in Struthers, Ohio.

Mrs. Dorothy Davis and Mrs. Emma Brew of Wampum, and Mrs. Astrid Werner of Mahoningtown, were guests at the home of their parents Mr. and Mrs. Andrew Johnson on Sunday.

Mrs. Nell Longwell, formerly a resident of Harlansburg, and Mrs. Fred Baker have opened a tea room on Neshannock avenue in New Wilmington.

Meeting Will Be Addressed
By Department Commander

Oscar M. Kamp, department commander of the United Spanish War Veterans of Pennsylvania, will be here Sunday to address the regular meeting of the northwest district council and auxiliary, U. S. W. V., which will convene here at 1:30 p. m.

After a short joint meeting of the council and auxiliary the council

members will go to the council chambers in the City building, where they will have their meeting, while the auxiliary convenes in the Legion Home.

Lunch will be served in the Legion Home for those attending.

Several hundred members of the council and auxiliary are expected here for the meeting.

HONOR SHIP

SAN FRANCISCO (INS)—The SS Marcus Daly recently became the first ship sailing out of the Pacific coast to receive the "gallant ship" award. Back of the award is the story of her part in the liberation of the Philippines. She was the first vessel to dock at Tacloban on the island of Leyte during the Octo-

ber, 1944, invasion and loaded with troops and vital war supplies, she acted as one of the principle defenders of the port for six days and nights.

Receive \$150,000 Indemnity For Aviators Lives

WASHINGTON, Oct. 10.—(INS)—The State department announced that the United States has received \$150,000 as indemnity for the lives of five aviators shot down over Yugoslav territory on August 19 by Marshal Tito's air fighters.

The State department announced simultaneously that the United States cannot accept the Yugoslav position that it has no responsibility for the loss of the transport shot down August 19 and another forced down of August 9.

The Yugoslav government informed the United States that it had made the \$150,000 available at the Chase National Bank in New York City. It proposed that the money be divided equally among the five families of the victims. And the United States has agreed to do this.

Buy Steers To Provide Meat For Employees

NEW YORK, Oct. 10.—(INS)—Steers were the top conversational topic instead of steel Wednesday at the plant of the General Steel Products company.

A shipment of 38 white-faced Hereford steers was delivered to the

steel company in a freight car direct from Texas. They were purchased by Thomas P. Kearns, president of the company, who promised they would be butchered and the steaks and roasts delivered free to the 150 employees.

Steel workers had complained they were "weak" from lack of meat.

Consider Plans For Using Fortunes Of Doomed Nazis

BERLIN, Oct. 10.—(INS)—The Allies may decide to use the private fortunes of the Nazis convicted by the War Crimes Tribunal as part of Germany's war reparations payments.

It was learned today that this is

one of two plans under consideration in Berlin. The second plan would provide for a fund for "the victims of fascism."

Allied authorities also were reported considering whether to grant subsistence pensions to the widows and wives of the convicted Nazis.

The New Hawthorne CAST ALUMINUM for Waterless Cooking

Efficient on the Range

Elegant on the Table

It's got everything—from the newest practical features to the latest in beautiful lines. Hawthorne ware is entirely new and different—skillfully designed for efficiency on the range and beauty at the table. It cooks the healthful, waterless way rapidly with low heat—and then serves at the table with all the flourish of the smartest casserole. The thick metal with sparkling hammered finish keeps foods piping hot throughout the dinner hour.

On the practical side, you'll love your Hawthorne ware because it actually pays for itself in savings—(1) Saves food because of less food shrinkage (2) Saves money because of lower fuel bills (3) Saves time because pot watching is eliminated (4) Saves energy because the range to table feature saves dish washing (5) Saves vitamins and minerals.

Complete Set

consists of 1, 2 and 3 quart covered sauce pans, 10 1/2 inch covered skillet, 10 1/2 inch Dutch Oven roaster, and two hot pads for table service.

Opinion Given In Will Case

Election Officials Appointed
—One Sentence Is Imposed In County Court

OTHER NEWS OF COURT HOUSE

In the adjudication of the first and partial account of the Union Trust Company, executor of the estate of David M. Ritchie, deceased, Judge W. Walter Braham handed down an opinion Wednesday, resulting from a dispute over the provisions of Mr. Ritchie's will on February 23, 1942, in which he stipulated that he should be buried beside his mother in Valley View cemetery, and directed that the sum of \$500 be taken from the estate to pay for a monument to be erected on this plot. The will was placed in the hands of his attorney, Mrs. Ritchie, unaware of the provisions of the will, purchased a plot in Oak Park cemetery and had her husband buried there and contracted for the erection of a monument, costing more than \$500. Mr. Ritchie's sisters, Elizabeth Bratschie and Nannie Cochran, took exception, and the matter was placed before the court.

Judge Braham directed that from a balance of \$3,000 remaining in the hands of the accountant, that the cost of the lot in Oak Park cemetery, amounting to \$425, be paid, along with the sum of \$500 for the monument in Valley View cemetery, which was the wish of the decedent. The balance of \$1,575 remaining is to be divided, Mrs. Ritchie receiving \$787.50, and Elizabeth Bratschie and Nannie Cochran, the sum of \$393.75 each.

NAME ELECTION OFFICIALS
Two election officials were appointed by the court to fill places caused by vacancies, at Wednesday's session.
Edward A. P. Christley was named judge of elections in the Fifth ward of Ellwood City, vice Harry W. Tribby, resigned; while Reed R. McCullough was named judge of elections in Scott township vice Charles M. Eakin resigned.

ASKS ORDER ON SLOT MACHINES

A petition was presented in court Wednesday by District Attorney LeRoy K. Donaldson, requesting permission to destroy the slot machines and to turn the contents into the county treasury seized in the raid on the Hungarian Club in Ellwood City, October 6.

The court handed down an order, returnable Monday, October 21, on the Hungarian Club to show cause why the petition of the county detective should not be granted.

Security Service Will Continue For Farmers Of County

To Continue Loans Pending Establishment Of Farmers Home Administration

Farmers today were assured there will be no interruption in the services provided them by the Farm Security Administration.

Clair E. George, county FSA supervisor, said his office will continue to make new loans pending establishment later this fall of the Farmers Home Administration, a new agency created by congress to take over the functions of the FSA and the emergency crop and feed loan division of the Farm Credit Administration.

"Congress gave the secretary of agriculture 90 days to transfer the functions of FCA and the crop and feed loan program to the new Farmers Home Administration." When the transfer is complete, FSA will cease to exist. However, its work will be carried on by the new agency in much the same manner as at present.

The Farmers Home Act continues the work of the FSA under a new name and for the first time gives it permanent status in law.

In addition to carrying on the supervised credit program of FSA and the crop and feed loan program, the new agency is authorized to provide government insurance of loans to farmers, and preference is created for loans to enable veterans to acquire farms.

Dillard B. Lasseter, who has been administrator for FSA, was recently appointed administrator of the new Farmers Home Administration.

tutional government and those who are pressing toward State socialization. It must bluntly define the issue as between an American government based on the Bill of Rights and a "popular front" government dominated by the political agents of organized labor. It must accept the issue as between a government for all the people and a government for the benefit of special groups.

The Republicans can win neither popular respect nor labor votes by repeating the stereotyped declamations endorsing the "rights of labor" when these so-called "rights" infringe upon the rights of the whole people. It must at least sustain its own self-respect by opposing the control which labor-politicians have exercised over the national administration ever since the time when John L. Lewis bought the favor of the White House with a half-million dollar contribution from the treasury of his United Mine Workers. It must stand firmly for the repeal of the Wagner Act, which has been a principal source of power for the labor-politicians. It must assert itself against the jeopardizing of the public interest by jurisdictional strikes and crippling strikes in public utilities. It must be forthright in condemnation of

racketeering in organized labor and insist upon the moral, legal and financial responsibility of Unions.

The great mass of Americans unquestionably are weary of the corrupt and arrogant alliance between government and labor politicians. They are weary of the contemptuous disregard of the public interest as manifested in continuous and protracted strikes. They are weary of the certain trend toward socialization and inevitable dictatorship. They are weary of starry-eyed social reformers and half-baked "economists." They are weary of limitless squandering of the taxpayers' money in Utopian schemes, of government policies which take from the industrious and thrifty and give to the lazy and thriftless. The issues of the day represent

Paul Makes A New Start

Highlights On The Sunday School Lesson

By NEWMAN CAMPBELL

(The International Uniform Lesson on the above topic for Oct. 13 is Acts 8:1-3; 9:1-19; 22:4-16; 26:9-18; I Corinthians 15:8-10; Galatians 1:11-16; the Memory Verse being Psalm 121:1. "I was glad when they said unto me, let us go into the house of Jehovah.")

We study today the conversion of Saul, Pharisee and persecutor of Christians, to Paul, the apostle, assigned by divine command to "carry the message to the Gentiles."

When Stephen, the first Christian martyr, was stoned to death in Jerusalem, Saul, as he was then called, stood by, consenting to his death. "And devout men carried Stephen to his burial, and made great lamentation over him." After the death of Stephen there began the first persecution of the followers of Christ. Paul was active in this persecution, "making havoc of the church,

entering into every home, and haling men and women committed them to prison."

Then Saul, "breathing out threatenings and slaughter against the disciples of the Lord, went unto the high priest."

He asked for letters to the rulers of the synagogue in Damascus so that if he found any of these "heretics" there he would bring them bound to Jerusalem.

Saul and his company started on Damascus, but when they were nearing the city, "about noon" there shone a great light about them, causing Saul to fall from his horse. Out of the light a voice said, "Saul Saul, why persecutest thou Me?" Trembling and astonished, Saul asked, "Who art Thou, Lord?" and the voice answered, "I am Jesus whom thou persecutest: it is hard for thee to kick against the pricks."

Men Speechless
The men who were with him were speechless with amazement, as they

saw the light but did not hear what was said. Saul asked what the Lord would have him do, and he was told to go into the city "and it shall be told thee what thou must do."

When Saul rose to his feet he could not see, and he remained blind for three days and nights after his men had led him into the city, and he neither ate nor drank.

Now in Damascus lived a man named Ananias who was a devout man, and to him the Lord came in a vision and told him to go to the street called Straight and ask at the house of Judas for Saul of Tarsus who had had a vision of a man named Ananias who would come to him and restore his sight.

Ananias said that he had heard of this man, Saul, and how he had persecuted Christians, but the Lord said, "Go thy way, for he is a chosen vessel unto Me, to bear My name before the Gentiles and Kings, and before the children of Israel."

Obviously Ananias hastened to the street called Straight—which is still in Damascus—and found Paul. To him Ananias said, "Brother Saul, the Lord, even Jesus, that appeared unto thee in the way as thou camest, hath sent me, that thou mightest receive thy sight, and be fulfilled with the Holy Ghost."

Thereupon, Ananias laid his hands on Paul, and straightway his sight was restored, and he arose and was baptized. Then he ate and was strengthened, and stayed some days with the brethren in Damascus.

Paul told of these wonderful incidents when he was talking to the mob in Jerusalem who were intent on killing him, and also when he was brought before Agrippa at Caesarea.

Paul Regrets Past Life
All his life Paul mourned about his actions before he saw the light and heard the voice of Jesus speaking to him. Writing to the Corinthians in I Corinthians 15:9, he said, "For I am the least of the apostles, that am not meet to be called an apostle, because I persecuted the church of God."

"But by the grace of God I am what I am: and His grace which was bestowed upon me was not in vain; but I labored more abundantly than they all: yet not I, but the grace of God which was with me."

And again in Galatians: "But I certify to you, brethren, that the

gospel which was preached of me is not after man.

"For I neither received it of man, neither was I taught it, but by the revelation of Jesus Christ."

Then he reminds them that he has told them how he persecuted the followers of Jesus when he was prominent in the Jewish temple councils, and refers to the revelation of Christ which he received and which changed his whole outlook and manner of life.

In this dramatic manner, Saul's life was altered, and he became "the most successful promoter of Christianity." Instead of the cruel persecutor of the followers.

Convention Is Shifted Here For Next Week

Scheduled In Pittsburgh But Comes Here Due To Strikes In Pittsburgh

Due to the inability of Pittsburgh to handle conventions, due to the power strike, New Castle gets one of the most important conventions scheduled for Pittsburgh this year. It is the convention of the American Society of Training Directors, a national organization of industrial leaders charged with training programs in their industries. The convention will be held October 17-18-19 with The Castleton Hotel as headquarters.

In point of numbers of delegates the convention is not as large as some others that have been held here, the estimated attendance of delegates being about 250. In point of importance, New Castle has never had a convention to exceed this one.

The association is headed by Tom Keaty, president, who is the director of training for the Standard Oil Company of New Jersey with headquarters in Baton Rouge, La.

Among the subjects to be discussed at the convention will be Veteran Training, Industrial Test and Techniques, Pre-Supervisory Training, Team Training, Supervisory Training, College and University assistance to the training director, Office Supervisory Training and others. Speakers will include outstanding men in their fields from all parts of the United States.

Officers for the convention include Dr. V. G. Schaefer, president who is associated with the Westinghouse Electric and Manufacturing Co. General Chairman, R. O. Boden of the Pennsylvania Rubber Company, Program, Dr. Charles P. Scott of the University of Pittsburgh, Registration, Charles L. Hoffmaster of the Pittsburgh Public Schools, and R. E. Black of the Pittsburgh and Lake Erie Railroad. Publicity, William Grohs, Westinghouse Electric Corporation, Hotel Arrangements, Russell J. Greenly of the Jones and Laughlin Steel

Company, Stenographic, Ralph K. Beamer of the University of Pittsburgh and general program, Russell Beamer, Rochester and Pittsburgh Coal Co., and Fred J. Krill of the Universal-Cyclops Steel Corporation.

Sessions of the convention will be open to any one interested in training programs.

Argentina Offers U. S. Meat Shipment

WASHINGTON, Oct. 10.—(INS)—Argentine Ambassador Ivanissevich today offered Agriculture Secretary Anderson 280 million pounds of meat to help solve the United States meat famine.

The ambassador said that Argentina can begin exporting canned beef and fresh lamb to this country at once. He said that 10 million pounds of meat could be on its way to the United States in a very short time.

The 280 million pound figure represents 17 per cent of Argentina's exportable meat. The United Kingdom has contracted to take the other 83 per cent.

Charges Doctors Waste Penicillin

PHILADELPHIA, Oct. 10.—(INS)—Dr. Robert A. Reimann, of the Hahnemann Medical College in Philadelphia, charged today that 80 per cent of the penicillin used by physicians is being wasted.

Dr. Reimann told the Pennsylvania Medical Society that the drug is being administered in many cases where it will not be of any benefit.

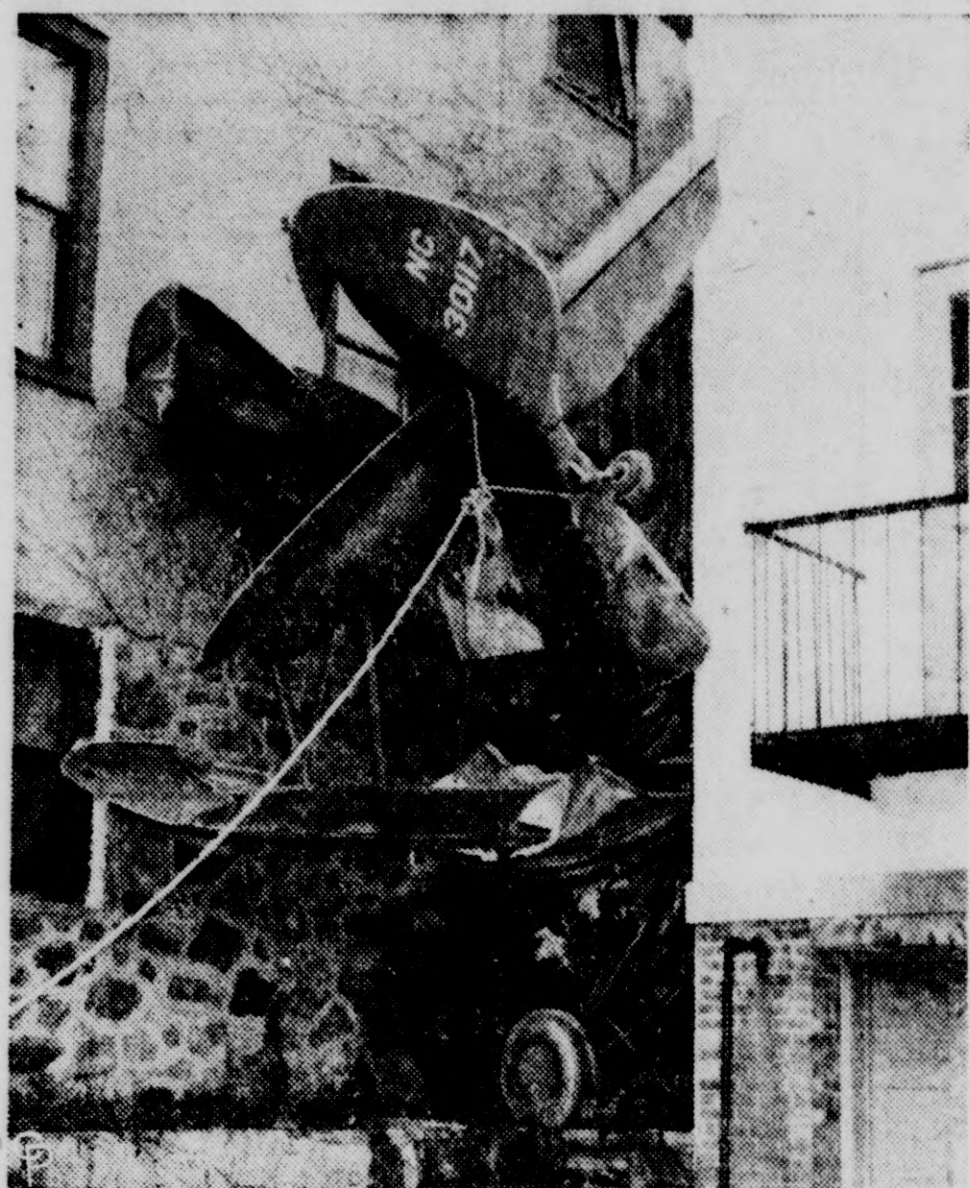

"Very often," he added, "the dosage is too small or too large. I've even heard of one doctor who gives his patients a penicillin injection every week—just to keep them healthy."

TEMPLE ISRAEL SABBATH SERVICES

Sabbath services at Temple Israel will be conducted Friday evening at 8 o'clock. The Chof Hamoad services being in charge of Dr. Iwan Gruen, spiritual leader of the congregation.

Dr. Gruen will speak on the subject "The Might of Habitude." Following the services, the Sukos ceremony will be held.

Dives To Death At Wife's Home

A rope is tied to tail of the plane in an effort to extricate it from alley between two buildings where it crashed in White Plains, N. Y., killing the pilot, Raymond Heraux, of New York City. Ironically, Heraux's estranged wife lives in the apartment house at left.

Red Cross Makes Urgent Plea For Volunteers To Sew

County Gets Large Quota Of Children's Garments To Make For Overseas Relief

An urgent need for children's clothing for overseas relief has led the local Red Cross chapter to call for volunteers to sew 185 garments, including snowsuits, capes, and coats, before the first of January. Material for the garments is available at the Lawrence County Chapter house on Beaver street, as is yarn for children's sweaters. Mrs. Robert Garland, chairman of the knitting committee, explains that the yarn may be taken from the chapter house by those who wish to make the sweaters in their spare time.

Nine Hurt In Rail Wreck Near East Palestine

SALEM, O., Oct. 10.—(INS)—Nine persons were injured today when the fast Broadway limited ran into the rear car of the Liberty limited on the Pennsylvania railroad at nearby East Palestine.

All the injuries were reported slight and first aid was given at the scene. No one was hospitalized.

According to railroad officials, the Liberty limited was forced to stop when the first section of the train was delayed by a freight.

The Broadway, due 25 minutes later, struck the rear of the eight-car train, derailing two wheels of the last car.

J. C. Lightburn, veteran engineer on the Broadway limited, saw the signal and jammed on the air brakes in time to avoid a serious collision.

EXCESS PROFITS CHARGED AGAINST PITTSBURGH FIRM

PITTSBURGH, Oct. 10.—(INS)—The government today asked judgment of nearly three and a half million dollars against the Lord Manufacturing Company in federal court in Pittsburgh.

The government charged that the company had realized profits during the fiscal year ending Dec. 31, 1944 on war contracts that should be eliminated as excessive. The claim amounts to \$3,490,317.81.

Burning grass and weed fields damages soil fertility and injures plant roots.

TODAY'S FISH STORY

PITTSBURGH.—(INS)—This is no fish story and you can take it from the American Pharmaceutical Association that it's on the up and up.

The pharmaceutical, at their recent convention in Pittsburgh, announced that a new fish saving insecticide, known as DPE, has been discovered.

When DDT is sprayed over water it not only kills the insects but the fish as well. The new insecticide does not. However, the fish can't win either.

FIRELINE FURNACE LINING

Any fireproof, no matter how badly broken, can be made gas tight with Fireline. Install this plastic fireproof material entirely around the fireproof in your stove or furnace. It seals all cracks and holes, saving your fireproof castings. Your fireproof will be better than new because Fireline improves the performance of your stove or furnace. It burns fuel hotter and cleaner, increasing heating capacity and reducing smoke, soot, and dirt.

You'll get more heat—with less fuel—if you replace those clogged up filters now. You'll save fuel and cleaning bills, too, for furnace filters protect walls and furniture from air-borne dirt. So stop in and get ready for a comfortable winter that will make spring cleaning easier next spring.

Change your furnace filters NOW!

Shenango Seniors Choose Cast For Three-Act Comedy

Shenango High School seniors have chosen to present "High Pressure Home" as their class play on Friday evening, November 22. Matinee performances will be given in the morning and afternoon on Thursday.

The cast of this gay three-act comedy includes: Robert Letera, Deloris Montgomery, John Cochran, Suzanne Bessell, Margaret Troglia, Mary Lou Eakin, Donna Shihler, Mildred Hay, Jane Zumuda, Charles McGary, Ray Nelson, and Joe McLean.

Serving as chairman of the production committee are: Charles McGary, manager; Charlotte Young, stage properties; William White, stage properties; Dor Mayberry, stage management; Elizabeth Galmarini, ushers; Frank Shoaff, tickets; Florence Grinzivich, publicity; Florence Adamczyk, make-up; William Kalapainen, lighting; and Deloris Rhodes, programs.

Mrs. Alice B. Kelso, the director, both the audience and the cast should be pleased with the performance.

Issues Confront AFL Convention

Cooperation With CIO, Hollywood Strike Main Subjects Before Labor Leaders

CHICAGO, Oct. 10.—(INS)—Several highly controversial proposals covering subjects ranging from the Hollywood intro-AFL jurisdictional strike to cooperation with the CIO were among nearly 200 resolutions before the American Federation of Labor's 65th annual convention today.

The delegates entered the fourth day of the convention, with Secretary of War Patterson scheduled to deliver the principal address.

Highlight of the session yesterday was the group's annual banquet, at which John P. Frey, president of the metal trade department of the AFL, lashed the CIO for its alleged Communist activities. Frey asserted:

"The CIO is now paying a heavy penalty for its cooperation with Communism and Moscow policy. It is being torn asunder with internal strife."

SO WE ASKED A CHAP WHO DRIVES A FEDERAL

We really wanted to know why truck operators choose Federals. We know there must be some reason so we asked a lad who drives Federals. "Why do you prefer a Federal?"

"Lots of reasons" said he, "but chief among them is the fact that I know Federal will be dependable. I know it will get me there and bring me back with the load in good shape."

"I know it's rugged, it is economical, but most of all, I know it will do the job I want it to do."

Guidance Center Aiding Disabled Veterans Of City

VA Advisement Center Showing Results As More Handicapped Find Jobs

Advisement and guidance center of the Veterans Administration is rendering a vital and worthwhile service to the disabled veterans of the city and county as it was reported today that more and more of the handicapped are finding jobs.

The center is set up to interview all veterans for placement on jobs, but was especially designed to aid the disabled. Men applying at the center are tested for the following things:

1. To find the veterans interest or preference.
2. To measure his ability or intelligence.
3. To gauge his vocational aptitude.
4. To test his knowledge, trade information or achievements.
5. To judge his personality and temperament.
6. To test his hearing, color perception and other physical factors which may affect his training.

Free Service

The guidance center is a free service and so far in the community 25 disabled men have been placed on jobs with industries and in business establishments. Handicapped men are learning to become sheet metal workers, painters, auto mechanics, engravers, and pursuing many other vocations.

Worrell Jones, VA head in the city, advised that the service should prove of invaluable assistance to youths who are undecided as to their field of endeavor. It is the aim of the center to place each man on the job for which he is best suited.

Church Prepares For Organ Installation

Farrell Here Friday Night; Red Sox Win 4 To 0

New Castle Will Be Hard Pressed By Night Riders

Farrell Seeks Revenge For 19 To 7 Defeat At Stadium Here In 1945

"RED HURRICANE" SEEKS THIRD WIN

Despite poor records of both teams to date, football fans are looking for a typical New Castle-Farrell game at the stadium Friday night. The kickoff at 8 o'clock will find the stands filled to capacity. It is indicated.

That the interest is not waning even after three defeats absorbed by the "Red Hurricanes" was shown by the fact that early in the week when all reserved seats were snapped up in an hour or so Tuesday. Farrell will send countless hundreds here for the battle.

See Aerial Game

If the 1946 Farrell team lives up to other years it will be a sweet passing team that Coach Hank Day will bring here to try and wrest his second win over Phil Bredenbaugh since taking over at Farrell, the first being in 1944 when the Night Riders won, 14 to 7.

New Castle has been brushing up on pass defense this week in the hope of stopping the Farrell thrusters, while on the other hand the New Castle team will throw a few passes also.

Visitors Seek Revenge

Farrell will be seeking revenge for the 19 to 7 defeat plastered on them here last year. The Night Riders showed a marked improvement in play in the Campbell Memorial game last week, according to Sharon reports, and will be out to upset the favored New Castle eleven.

New Castle but for a few tough breaks last week should have at least tied the vaunted Altoona High Lions, instead of losing, 13 to 6. The Bredenbaugh charges snapped out of their Sharon defeat nicely, but the big Altoona team got the breaks and with a more experienced team won by a touchdown margin.

The "Red Hurricanes" came out

of the tough game last week with no apparent serious injuries and will be at full strength for the Farrell tussle, it was indicated.

Mahoning Sportsmen To Meet Tonight

All members of the Mahoning Sportsmen club are asked to meet tonight at 8 o'clock at the Hillsville school building for a special session. It was announced by President Billy Latsch.

Several important matters are to be brought up for discussion.

Exhaustion of large areas of lands in the older coffee areas of Sao Paulo, Brazil, has caused many growers to study the possibility of growing coffee in the shade, a practice which has developed in Colombia and Venezuela.

The Star of the West, a drop-shaped pearl found off Australia in 1917, weighed about 3 1/2 avoirdupois ounces and sold for \$44,800.

Farrell Band May Or May Not Perform

New Castle Will See Smart Show If Visitors Uniforms Are Finished In Time

Ne-Ca-Hi twirlers had their headaches over the boots which hadn't arrived several weeks ago, but now the entire Farrell band is waiting for the trousers of its smart new military uniforms.

If the outfits are completed in time, they will be worn for the first time when the Farrell band will entertain between the halves of the football game in Taggart stadium Friday night, under the direction of their bandmaster, Jim Dunlop.

Mr. Dunlop, who is a discharged serviceman, has planned a military drill which is as snappy as the blue uniforms. Besides the drill, the visiting bandmen and their five twirlers will play their school song, the New Castle Alma Mater, and then form a large star for the playing of Hoagy Carmichael's "Stardust."

New Castle spectators would be wise to cross their fingers—they'll see a fine show if the band's trousers arrive on time.

Titan Floormen Meet Wednesday

Coach Grover Washabaugh Meets 1946-47 Squad, Earliest Call Yet

NEW WILMINGTON, Pa., Oct. 10.—Westminster College's post-war athletic program is now in full swing with four varsity squads in action. Football started early in September, soccer and cross-country with the opening of school Oct. 1 and basketball was inaugurated last night when the first meeting of candidates was held.

The basketball call issued by Coach Grover Washabaugh is the earliest ever issued and was necessitated by the fact that the opener will come Nov. 23 with Akron Goodwill City College of New York at Madison Square Garden, will be played Dec. 14.

Soccer Boys Out

Coach Harold Barry has the following candidates out for the soccer team which opens Oct. 18 at Allegheny: Dick Downing, Ellwood City; Bill Samuels, New Castle; Ralph Reed, New Castle; John Chiodo, Farrell; James Boyd, New Wilmington; Alex McMorris, Argyle, N. Y.; Robert Hall, Dormont; David Gillespie, Erie; John Wilson, Pittsburgh; Clarence Elgin, Elderton; Richard Borowitz, New Wilmington; Kenneth Hopkins, Jeannette and Joseph Krakowski, McKees Rocks.

The cross-country schedule shows four meets, namely, Nov. 1, Geneva, here; Nov. 9, Carnegie Tech, away; Nov. 22, Pitt, here; and Nov. 15, Geneva, away.

Boston Weather Favors Series

BOSTON, Oct. 10.—(INS)—Temperatures in the lower sixties with cloudiness giving way to intermittent sunshine was predicted today for the fourth game of the world series between the Boston Red Sox and the St. Louis Cardinals.

Union Prepares For Zelenople

Scotties Hope To Extend Win Streak Friday Night, Union JV's Lose To Ellwood

Union High's Junior Varsity dropped a game on their home field to the Ellwood High Reserves yesterday afternoon by a score 19 to 0. Even in defeat the Junior Varsity looked good. Every man on the bench saw action. Some of the Scotties had never been in a game before. The Juniors proved that the larger, more powerful Ellwood team to a single touchdown in the first half.

An up and coming Zelenople team will be waiting for the Union Varsity when the Scotties travel down to meet them on Friday night.

The Union team is in fine shape, with Kuppel being the only man not playing against Zelenople. Zelenople has been the underdogs all season, coming nearest to victory when they held Shenango high to a 0-0 tie. They have steadily improved since the season began, now without a win and on their home field, they will make the locals fight every inch of the way. If Union comes home with a victory they will know that they have been in a battle.

Griddler Critical After Scrimmage

PHILADELPHIA, Oct. 10.—(INS)—A 17-year-old Philadelphia high school football player remained in critical condition at Temple hospital today from injuries received during a scrimmage.

The youth, William Kenny, is suffering from a cerebral hemorrhage, according to hospital authorities. He complained of severe headaches following Tuesday's scrimmage and lapsed into a coma that night.

Temple hospital officials said he's still unconscious.

His injury caused St. John's High school to cancel its scheduled football game for this Sunday against Northeast Catholic High. Kenny was a tackle on St. John's.

Bessemer Plays Hickory Tonight

Mercer County Gridders Expected To Give Bessemer Battle Tonight Under Arcs

Coach William Ritter of Hickory High is bringing his Hornets here tonight to battle a weakened Bessemer eleven in a game starting at 8 o'clock.

Reports from Bessemer this morning made their possibility of a victory look as dreary as the weather. John Pezanol who has a bone injury to the leg, is definitely out of tonight's lineup. Percie was hurt Tuesday night in practice and it is feared he has a cracked collar bone. Bianchi will be able to start it is hoped. Other starting men were not known at this writing.

Hickory Favored

Hickory High is carrying a 30-man squad this year. Of those 30 men, 12 of them being lettermen to form the backbone of the Hornets' aggregation. They include Johnson, Bogoin, Weldon, Lazorski, Baer, Tobey Woge, Hughes, Lado, Rust, Nightwine and Moody.

Hickory Hornets came out of a contest with Lawrence Park with an over-whelming victory. They enter tonight's contest the favorites with their full squad practically free from injuries.

Baxter, Moran To Fight In Akron

Moran Not To Box Monday; Elisco To Fight In Aliquippa; Biddle Training

Frankie Moran, local southpaw lightweight, through Russell Baxter, his adviser today stated he had not signed to box here Monday night. However, Baxter stated that both Moran and he would fight one week from Friday night in Akron. Baxter, a middleweight, will battle Ken Strubling. Moran's opponent has not yet been named. Russ stated.

Baxter said that Guy Elisco former grid player, who boxed here, is training at Ellwood City and for the time he has been boxing, "looks good." Baxter said promoter John Locasano, Ellwood City, who arranged for their Akron fights, plans to use Elisco at Aliquippa in the near future.

Jack Biddle, middleweight in Paris Canage's stable, is training for his six round semi-final bout with Garfield Thompson, Carnegie, here, Monday night. Harold Hazlett, a middleweight, boxing here will box George Clark in the main bout. Biddle started boxing here years ago as "Jack Bedell" in the Jimmie Dime stable and recently fought Billy Grumbacker in Youngstown.

Young Griddier Dies From Heart Attack

Thomas Regan, 18, Excused From Scrimmage, Dies In Drug Store

JENKINTOWN, Pa., Oct. 10.—(INS)—Funeral services were arranged today for 18-year-old Thomas Regan, a high school football player who collapsed and died in a drug store last night.

The youth, a tackle on the Jenkintown high schools team, was chatting with school chums in the store when he suddenly toppled over, apparently from a heart attack.

The youth was excused from football practice yesterday afternoon because he complained of not feeling well. His parents said he failed to eat any supper.

His chums told police that young Regan entered the drug store, took a magazine from the rack and climbed a stool at the counter to read. A few minutes later he fell to the floor.

Bears-Alliance To Play Sunday

Wabash Bears, local semi-pro griders have scheduled the strong Alliance, Ohio Stars for a football game Sunday afternoon at 3 o'clock at the E. & A. field, it was announced by President William Domenick.

Coach Blackie Adams has been working the Bears each night this week and has a powerful array of talent to throw at the Alliance Stars Sunday. The Bears opened at Youngstown last Sunday defeating the Scher Tailors 6 to 0.

Red Sox Hold Two To One Lead In Series, Fourth Game At Boston Today

MUNGER OPPOSES BIG TEX HUGHSON

By DAVIS J. WALSH

(International News Service Sports Writer) BOSTON, Oct. 10.—Once again, a town strangely galled in a common obsession gathered up its toy balloons and made ready to march on Fenway Park in a body for the fourth game of the world series today, confident and assured now where once it was merely defiant.

It got that way along about 1:52 o'clock yesterday when Rudy York tossed in his second hit of the series. It also happened to be his second home run, the immediate result being a 3-run first inning and ultimately a 4-0 win for the Cardinals in the highly consequential third game of the 1946 championship.

Bosox In Front

It jumped the Sox out a lap in front of the National Leaguers, leaving the latter trailing by one victory to two and facing the almost exorbitant necessity of winning three games of the remaining four in order to take the title. That was a possibility the agitated city of Boston had no mind to contemplate as the chill overcast hours (Continued on Next Page)

Rockets Crippled For Thiel Game

Socrates Rousso, 205 Pound New Castle End, Joins Crippled List

(Special To The News)
SLIPPERY ROCK, Oct. 10.—Coach Bill Stoeher, Slippery Rock mentor, is faced with the task of re-vamping his lineup for the Rockets' game with Thiel on Saturday at Slippery Rock. Although the Rockets upset the favored Indiana team last Saturday, several key men were injured and will be unable to face Thiel this Saturday.

Urm, Rocket quarterback and former Butler, high star, received a twisted knee and will be out of the lineup for over a month. Socrates Rousso, 205 pound end, from New Castle has an injured ankle that will keep him on the shelf for several weeks. Nedewick, who has been outstanding in his line play in the Rockets games to date, has elbow injury that will keep him on the sidelines this Saturday.

The Rockets squad realizes that it has a stiff fight on its hands in meeting the team from Greenville this week. Six of the men who were outstanding on Thiel's last undefeated team have returned to school and around this group has been welded a team which has won both games played this year.

Warns Against Daylight Thieves

State police of the local substation today issued a warning to rural residents to guard against daylight robbery.

"Burglars have been going to Lawrence and Mercer counties' homes and knocking upon doors.

"If no one answers, and people are absent, the burglars steal whatever articles they find.

"Whenever you see a stranger or a strange car, remember his description, the make of the car and color then quickly telephone 1,000.

"Do not delay in making the telephone call. You'll get fast service," the officer in charge of the substation here said.

FERRISS MASTERS CARDS WITH EASE IN 'EDGE' GAME

(Continued From Preceding Page)

preceding this four meeting. The town, in fact, seemed fully convinced that Boston's Cecil "Tex" Hushon would blow the hitters down today, just as he did for eight innings of Sunday's inaugural at St. Louis. And that Cardinal pitcher George Munger would not...

Depend On Munger

Munger is the young man who, shucking his army dungarees late in August, pitched four games for the Cardinals, winning two and losing two. He's remembered most vividly hereabouts as the gent who maestro-ed the final day fiasco in St. Louis when the Cards lost their way into a National League play-off for the championship.

To the rabid locals, he didn't seem any more than a good, swift sucker punch for the likes of Hushon. And so high did resident expectations soar that a closing out of the entire account was looked for in the fifth game tomorrow.

It was said to be Dyer's intention to save Pollett, outscored and out-lucked by the Sox in the 10-inning series premiere, for the fifth-game showdown—thus bringing up a rather piquant possibility.

Mercer Will Install New Parking Meters

MERCER, Oct. 10.—At a meeting of the Mercer borough council, early this week, a lease-agreement was drawn up for the installation of parking meters around the business district of the town, for a trial period of nine months, with installation to begin within 45 to 60 days.

The decision was reached, following a demonstration by a representative of the Kuntz company of Pittsburgh. One hundred thirty meters will be ordered with 125 to be installed. The machines will permit parking for three hours and will accept pennies or nickles.

Nebraska's 1946 wheat harvest was estimated at 86,602,000 bushels—more than the state ever had grown before.

**Home Division
Organizes For
Chest Campaign**

Mrs. Frank Burton, chairman of the Women's Division of the Community Chest campaign, announces the following ward chairmen for the drive:

First ward—Mrs. Eliah Kaplan
Second ward—Mrs. George G. Weinschenk
Third ward—Mrs. William Emerick, Mrs. Harry E. Marshall
Fourth ward—Mrs. J. Elder Bryan
Fifth ward—Mrs. W. F. DeCarbo
Seventh ward—Mrs. Henry A. Leighty
Eighth ward—Miss Marie Dutkiewicz

Ward chairmen have completed the organization of their respective teams and a total of 80 women are ready to carry out the residential

solicitation, one of the toughest assignments of the campaign organization.

The women in the division are ready to push doorbells and spread the story of the chest needs throughout the community. Their work is one of mixed reactions from their fellow citizens, yet in their desire to help the community they are willing to do what is frequently a cleanup job.

A quota of \$7,600 has been assigned to the division. Mrs. Burton and the ward chairmen express every confidence in their ability to top it.

NON-SLIP QUILTS

Rayon satin is one of the most widely used fabrics for covering wool comforters and feather and down quilts because of its luxurious appearance, light weight and close weave. However, it has one serious disadvantage worth the consideration of the housewife who is making or buying quilts this fall. Its smooth shiny surface is slippery. Lightweight comforters and quilts especially are difficult to keep in place on the bed if covered with satin.

A more satisfactory comforter may be made with satin on one side only and some less slippery fabric like crepe, velvet or velveteen on the other. Even slips of velvet over the satin may help prevent slipping. Ribbons, sewed to the corners of the quilt, can be tied to bed posts for firmer anchorage.

**'Operate Carefully;
Your Car May Skid'**

—POLICE CHIEF
Chief of Police Robert D. Hanna who is the city's chief guardian of law and order and also vitally interested in accident prevention today warned motorists:

"It is true the street car rails have disappeared but rain makes pavements doubly slippery because leaves have fallen from trees. Operate carefully, your car may skid," he warned.

When disconnecting electric iron cords, pull on the plug that fits into the convenience outlet in the wall, never on the cord.
